- Reylayna G.   2/15
- Monicah N.   2/28

Be Prepared…. Inclement weather… It is something we hear every year, and it is a potential struggle we all face. When it comes to vehicles, it is not a matter of **if** there is a breakdown, but **when**. Cell phone service is not always available, so take care to stock your vehicle with adequate supplies. Road-ready suggestions can be found here:
https://www.weather.gov/ilx/winter_drive2_social

Congratulations to our January 2025 Comfort Keeper of the Month!

Misty Small

Experience is so valuable, and experience is one of the many benefits Misty contributes to our team. She has been praised by clients for her dependability, knowledge and strength in stressful situations, as well as her solutions-oriented, organized approach to obstacles. Misty's love for the rich history of our client's lives is one of the driving factors of her continued success as a Comfort Keeper. Misty's continued love for her clients, dedication to their care, and her drive to the quality of their experience is why she is our January Comfort Keeper of the Month! Congratulations Misty!

Quote of the Month: *"Love doesn't make the world go round. Love is what makes the ride worthwhile."* Franklin P. Jones

Tom's Trivial Tidbits:

The cornea: The cornea is the only part of the human body without a blood supply and instead gets oxygen from the air.

Brain memory: The human brain has a memory capacity that's equivalent to more than four terabytes of hard drive space.

Brain electrical impulses: The human brain generates more electrical impulses in a day than all the world's telephones combined.

Comfort Keepers
Elevating the Human Spirit™
