Elevating the  
Human Spirit™

AN EDUCATIONAL WEBINAR FOR HEALTHCARE PROFESSIONALS AND FAMILIES

## How to Know It's Multiple Sclerosis When You See It

Wednesday, September 10, 2025 at 12pm CST

FEATURED SPEAKER:

**Sallie Stephens, M.S.**  
**National MS Society**

Manager, Healthcare Stakeholder Engagement,  
Midwest Region

**Multiple Sclerosis (MS)** is a chronic, inflammatory disease that involves an immune-mediated attack on the central nervous system. It is characterized by relapses and remissions of neurological symptoms and progression of functional disability over time. **In this webinar you will learn:**

- What is Multiple Sclerosis (MS) and what causes it?
- Signs and symptoms consistent with MS
- How it is diagnosed — What are the early signs?
- Treatment of MS — Managing symptoms and slowing disease progression
- Lifestyle interventions and preventative health measures
- Resources and support available through the **National Multiple Sclerosis Society**
