CRATE COLLECTION
DESIGN BY GERRIT RIETVELD, RELAUNCHED BY RIETVELD ORIGINALS X HAY IN 2023

Initially designed to make use of surplus wooden shipping crates by Dutch architect and designer Gerrit Rietveld in 1934, the iconic Crate Collection has been relaunched in a Rietveld Originals x HAY collaboration. Rietveld's ambition to create modern, functional, and affordable furniture for the masses echoes HAY's core values, making the Crate Collection an ideal fit for HAY.

The collection comprises a lounge chair, dining chair, low table, and side table, all made with respect for the original design, and sharing the same precisely balanced proportions and transparent construction to minimise production costs and optimise the assembly process. Made of solid pine, with a water-based lacquered finish suitable for outdoor use, the collection's simplicity, and spatial design mirrors the designer's architectural style – providing functionality and comfort without absorbing space. The water-based coating and different colour options make the furniture suitable for a wealth of indoor and outdoor settings, and can be supplemented with optional seat cushions in selected textiles for extra comfort.

HIGHLIGHTS
- An outdoor collection of chairs and tables in varying sizes and colours.
- The collection comprises a Lounge Chair, Dining Chair, Low Table and Side Table.
- Made with respect for the original design sharing the same aesthetic strength and precisely balanced proportions.
- Knock-down construction that only requires screw assembly.
- Made in solid pinewood with a specially developed surface treatment for outdoor use.
- FSC™-certified.
- Suitable for a wide variety of outdoor and indoor private and public environments.
- Qualified for contract use.

SUSTAINABILITY
HAY focuses on developing long-lasting products that minimise our environmental impact. We optimise the use of sustainable materials such as recycled materials, FSC-certified wood and water-based lacquer, with a growing number of eco-certified products. We have strict regulatory requirements, and the majority of our products are tested to comply with international standards for strength, durability and safety.

CERTIFICATES
FSC™ LABEL MIX
Made from FSC™-certified wood and other controlled materials.

Outdoor furniture – Seating and tables for camping, domestic and contract use – Part 3: Mechanical safety requirements for tables.

CARE & MAINTENANCE
Our Care & Maintenance offers guidance for optimal maintenance of your HAY product. It includes advice and instructions on cleaning and caring for specific materials to prolong the life of your furniture. Find the guide at hay.com.

DOWNLOADS
Packshots and lifestyle photos, 2D / 3D files, care and maintenance, instructions, test certificates, product fact sheets, and product presentations are available in our Image Bank at hay.com.
CRATE CUSHION COLLECTION

Adding extra comfort and functionality to the Crate Collection, the Crate Cushion is specially formed to fit the chair seat perfectly. Available in three different variants – a loose seat cushion for the Crate Dining Chair, as well as folded and quilted designs for the Crate Lounge Chair. The quilted model features a Velcro® fastening underneath the cushion seat and two straps that fasten around the top of the chair frame, with the seat and folding cushions both featuring an anti-slip bottom to keep them securely in place. All models are crafted in Teflon®-coated fabric for a water-repellent finish, as well as having a high UV resistance, meaning it is fade-resistant with good colour fastness properties. The cushions are available in several colour options and can be used all year round.
