IN SITU MODULAR SOFA

ANDERSSEN & VOLL ON THE DESIGN “With the In Situ Modular Sofa, we wanted to combine the functions of modularity with the beauty of simple, elegant lines and a deep comfort. We sketched a profile that runs along the seat and back of the sofa to subtly hide the visual elements of modularity, giving it a unique character while bringing the individual modules together for a complete appearance. This is paired with grand, sculptural lines and the inherent comfort of its soft seat. The In Situ Modular Sofa combines the grandeur of traditional Italian sofas with the refined simplicity of Scandinavian design, making it the heart of any space.”

DESCRIPTION
A grand modular sofa that can be tailored to your exact needs yet with its modular elements hidden through the subtle detailing of the frame’s front and back profile, paired with deep comfort and a soft seat.

The look and feel of the In Situ Modular Sofa is more casual in its appearance, compared to some of our other sofas.

The Clay upholstery available for the In Situ Modular Sofa is made in linen, being a soft material that folds and falls more gently over time with less stretch for a casual expression. When the sofa is new, a slight tightness in the upholstery can appear, making for subtle wrinkles in the beginning due to the inherent characteristics of the material. This is perfectly normal and allows for the design to maintain its expression and shape for many years into the future. It will be evened out over time while ensuring that the appearance of the upholstery does not become too loose.

MATERIAL
Frame in powder coated steel. Modules with a wood construction, foam, wadding and fiberballs. Upholstered in textile from Kvadrat and Rohleder. The inner of the In Situ Cushion features a foam core with pillowcase around it that is filled with fiber-balls. Outer in desired textile upholstery.

CLEANING AND CARE
Remove non-greasy stains by carefully dabbing with a lint-free cloth wrung out in clean, warm water. If necessary, clean by dabbing with soapy water. Visit Kvadrat.dk for further information on cleaning textiles.
