The Herman chair is a dining chair that won’t fall out of favour. The chair was designed by Herman Studio from Denmark, and produced by ferm LIVING. The Herman chair is an ideal dining chair, as its broad backrest provides good support and is designed to hang on the edge of the table. You’ll also find an upholstered version of the Herman chair, offering even more comfort. You can choose between many different colours, all of which create a harmonious look. The chair’s timeless design makes it useful in many other places in your home. For example, you can use it as a desk chair in a home office, or as functional seating in the entrance hall.

The Herman armchair has a low design with a gently undulating oval backrest for maximum comfort when seated. The armchair was designed with clean lines to create a beautiful outline, whatever the style of décor. The Herman stool was designed by Herman Studio and is available in an elegant and modern play on colours, contrasts and textures. This stackable stool has a classic silhouette that will lend a modern look to any room.

With its elegant lines, the Herman bar stool unites aesthetics and function, as it is a lower version of the classic bar stool with a footrest for added comfort when seated. Perfect for those cozy evenings at the kitchen island or home bar.

Life is full of contrasts

As we navigate expectations and dreams in the search for meaning and comfort, we long for a balanced life with room for chaos and calm, moments of reflection and times of joy. A place where we can be ourselves, realise the true value of things and feel at home.

Based on a passion for authentic design and clear functionality, we challenge ourselves to shape the future and take pride in creating products that help you balance the contrasts of life.

Our soft forms, rich textures and deep colours allow you to create an authentic and composed atmosphere, while avant-garde shapes, striking patterns and curious details add a touch of the unexpected.

From our base in Copenhagen, we work with artisans around the world, fusing our Scandinavian mindset with global skills and traditions. We take our responsibility to people and the planet seriously and expect the same of our partners.

We create collections of furniture, accessories and lighting, so you can create space to feel comfortably you.

Welcome home.
