A Colombini Casa home

Una casa tutta Colombini

Pensiamo che lo stile italiano si esprima al meglio quando incontra la qualità, il design e la flessibilità necessari per garantire ad ognuno il proprio ideale di ambiente casa. Con questa idea, da più di 50 anni, nascono le nostre collezioni che arredano tutta la casa, dalle cucine alle camerette, dalla zona notte al living, fino ai divani e ai complementi.

La nostra forza è stata quella di sviluppare un approccio generale alla casa, il Family Line, la filosofia che ci rende unici sul mercato e che garantisce un'offerta altamente personalizzabile grazie all'ampia gamma di elementi, materiali e finiture coordinati e trasversali a tutti gli ambienti della casa. Un vero e proprio fil rouge che assicura progetti di arredo coordinati e che ci consente di rimanere originali, autoriali ma allo stesso tempo competitivi. Grazie ai nostri prodotti, è possibile realizzare il progetto dei sogni, ed è bello pensare che tante persone, in ogni parte del mondo, lo chiameranno casa.

We think that Italian style is best expressed when it meets quality, design and the flexibility needed to guarantee everyone their own ideal home environment. With this idea, for more than 50 years, we have been creating our collections that furnish the entire home, from kitchens to bedrooms, from the sleeping area to the living room, to sofas and furnishing complements.

Our strength has been to develop a general approach to the home, the Family Line, the philosophy that makes us unique in the market and that guarantees a highly customizable offer thanks to the wide range of elements, materials and finishes coordinated and transversal to all rooms in the home. A real common thread that ensures coordinated furniture projects and allows us to remain original, authorial but at the same time competitive. Our products make it possible to make your dream project come true, and we like to think that so many people, everywhere in the world, will call it home.

Green technologies

We choose 100% natural materials with an excellent performance from innovative processes such as sintering technology which allows ceramic stone to be created without using adhesives or polluting substances. We have adopted the use of Greenguard-certified organic paint that ensures low emissions and better air quality in home environments.

Innovation

We are always on the lookout for unique material and raw materials allowing us to offer the market high-quality products with a signature design. We have introduced an artificial intelligence system that plans production, maximizes productivity and facilitates logistics and sorting operations by reducing waste significantly.

Product durability

We design products that last longer to reduce waste and offer high quality standards.

Eco-friendly materials

We use glass and aluminium, infinitely recyclable materials to develop hard-wearing products with a strong visual impact, and PET for safe surfaces without toxic emissions either during production or use.

Internal logistics

We have optimised all internal company logistics to reduce energy wastage and CO₂ production to a minimum.

Transport

We organise shipments by optimising space and delivery routes to reduce CO₂ emissions on the planet.

Green-living attitude

We have eliminated the use of plastic in our offices and production department by installing water dispensers, and recover all the waste we produce through our industrial activities.

Special projects

We are joining the Furniture Pact, an industry-led, collaborative initiative that promotes and upholds common

An inviting and welcoming home

The furniture concept is the Family Line, the design based on the versatility of finishes and elements and the creative power of modularity. A lively dialogue between kitchen, living and sleeping areas designed to instill a sense of warmth and well-being.

La casa che invita ed accoglie

— Il concept d'arredo è il Family Line, la progettualità fondata sulla trasversalità delle finiture e degli elementi e sul potere creativo della modularità. Un dialogo vivace tra cucina, zona giorno e zona notte studiato per infondere un senso di calore e benessere all'ambiente.

Family Line

Family Line allows you to coordinate all the rooms in the home in a balanced, uniform manner. Materials, finishes and colours allow you to design a coordinated home environment, thanks to a wide range of products which can be combined with the different collections.

Ogni ambiente della casa è connesso

Family Line consente di coordinare tra loro in modo armonico ed omogeneo tutti gli ambienti della casa. Materiali, finiture e cromie permettono di progettare un ambiente casa coordinato, grazie all'ampia gamma di prodotti che si possono combinare all'interno delle diverse collezioni.

What is the advanced Family Line?

It is the Colombini Casa system that ensures all the company's collections are coordinated with shared and consistent modularity. The home can thus be furnished drawing on different collections, mixing styles and finishes, while nonetheless creating a consistent and highly aesthetic design.

Cos'è il Family Line evoluto?

È il sistema di Colombini Casa che fa sì che tutte le collezioni dell'azienda siano coordinate, rispettino una modularità condivisa e coerente. In questo modo nell'arredare la propria casa si può scegliere di attingere da diverse collezioni, mescolando gli stili e le finiture, ottenendo comunque un design coerente e di alto livello estetico.

Make space even in unexpected places

Modular elements are solutions that can store anything. Practical and smart, they optimise the smallest spaces and create new ones, even in the most unexpected places.

Ricavi spazio anche dove non immagini

I sistemi componibili sono elementi in grado di contenere di tutto. Pratici e intelligenti organizzano gli spazi più piccoli e ne ricavano di nuovi, mai immaginati prima.

Valorizza l'ambiente
I sistemi contenitivi permettono di sfruttare al meglio anche le superfici di passaggio.

Add value to spaces

The storage systems make it possible to optimise passageways.
