"Everything is permissible as long as it is fantastic."

Inspired by Carlo Mollino, Arabesque pays tribute to the visionary creations of the famous Italian designer.

The thicknesses change with the rhythm of the colors, and the thin, irregular stainless steel structure offers **lightness** and maximum **resistance**.

«Onirico», «Ondulato» and «Puro» evoke the style, shape, or materials of the designer's iconic table. Sinuous lines and **asymmetry** are the essence of this collection designed on the basis of a paper sketch.
