

Filter Housings

Filter Housings come in different sizes, colors, materials of construction and offer different features.

Here is a quick breakdown:

- ◆ **Size** - Required flow rates and installation space will determine the size of the housing. Housings typically come in four sizes: 2.5"x 10", 2.5"x 20", 4.5"x 10", 4.5"x 20"
- ◆ **Color** - Transparent or Opaque (Blue). Transparent housings allow for visual inspection of the cartridges but are less durable and not suitable for outdoor applications.
- ◆ **Material of Construction** - Plastic is standard for most applications. Stainless steel is used for higher temperature applications.

Features - Some housings provide additional unique features:

- ◆ **Valve-in-Head** - allows you to bypass or shut off the water during cartridge replacement.
- ◆ **Pressure Relief Button** - relieves pressure from the housing prior to changing cartridge
- ◆ **Stainless Steel Threads** - reduces possibility of cross threading and allows for tighter pipe fit
- ◆ **Double O-Ring** - ensures added seal insurance protecting from leaks

Filter Housing Kits

All Aqua Flo® Point-of-Use Water Filter Housings are easy to install and come with a mounting bracket and hardware plus sump wrench for easy sump removal. Filter cartridges are sold separately.

Sump Wrench

Mounting Bracket and Hardware

WARNING:

Do not use on drinking water supplies, which are microbiologically unsafe or of unknown quality without first adequately disinfecting the water. Protect against freezing to prevent cracking of the filter and water leakage.

NOTE:

All dimensions and micron ratings are nominal. The manufacturer reserves the right to make product improvements which may deviate from the specifications and descriptions stated herein, without obligation to change previously manufactured products or to note the change.

We recommended replacing the clear sump every 5 years. Do not subject to freezing temperatures.

Specifications:

- ◆ Max. Water Temperature: 30°C (100°F)
- ◆ Min. Water Temperature: 2°C (35°F)
- ◆ Max. Water Pressure; 100 psi (689 kPa)
- ◆ Materials of Construction: Reinforced Polypropylene (cap and blue sump) & Styrene-Acrlonitrile (clear sump)
- ◆ Housing O-Ring: EPDM
- ◆ Pressure Relief Button: Nylon
- ◆ Limited One Year Warranty
