In keeping with our policy of continuing product improvement, Elkay reserves the right to change product specifications without notice. Please visit elkay.com for the most current version of Elkay product specification sheets. This specification describes an Elkay product with design, quality, and functional benefits to the user. When making a comparison of other producers' offerings, be certain these features are not overlooked.

**MOUNTING INSTRUCTIONS and
PLUMBING CONNECTIONS**

Refer to diagrams for plumbing rough-in. This fountain is to be mounted on a smooth, flat finished wall surface with adequate support.

Note: Wall mounting structure must be capable of supporting 300lb. load minimum on fountain. To secure unit, use 3/8 minimum fasteners (not provided). Water service line and waste line are to be assembled as required. Final check for leaks and correct functions of fountain should be made. (For details see the installation instructions.)

Installation requires trap to be installed in wall. A service supply stop must be installed at the fountain inlet line. Trap and service stop not included.

Caution - Fountain must be securely bolted to wall.

Note: For wall support required locations see installation instructions provided with fountain.

OPERATING PRESSURES:
Supply water 20 - 105 psi maximum
