

The Authentic Range

Make way for the Royal Eminence

The Authentic Range

Make way for the Royal Eminence

India has been the land of the royalty- unique for its attitude, spirit and identity. Continuing with the tradition of elegance yet bringing contemporary technology to the Indian connoisseurs, GROHE presents 'The Authentic Range'. We are proud to bring the spotlight to India's most personal space, the bathroom, seamlessly blending the old with the contemporary aesthetics and quality.

PURE FREUDE AN WASSER GROHE SPA®

From an afternoon spent at a day spa to two weeks of indulgence at a spa resort, a growing number of us are seeking refuge from the daily grind; a respite from the stresses and strains of modern life.

The GROHE SPA® collection of luxury faucets, showers and fittings will transform your bathroom into a haven of relaxation – a unique environment in which to savour personal moments, to reflect and to relax. Whether it's 10 minutes in the morning or a leisurely evening spent unwinding at the end of the week, your bathroom takes on a new role: a home spa.

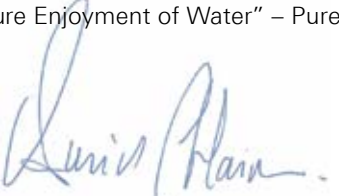

All GROHE SPA® collections offer a rich choice of coordinated designs to support the creation of your bespoke bathing environment. With wall-mounted and deck-mounted faucets alongside hand showers and body showers, each range offers a multitude of design to enhance every style of basin, shower and bathtub and to meet all of your personal preferences.

Two new exciting highlights from GROHE SPA® will help you achieve that magical sense of escape. They combine the finest traditions of German quality with the latest technological innovations, encased in our inviting and enticing designs.

With GROHE F-digital Deluxe, you can turn your bathroom into the ultimate spa experience. Using an Apple iPod 4G Touch, the F-digital Deluxe gives you fingertip control over the environment of your showering, managing your music, light and steam, and revitalising the body, mind and soul. You'll feel completely seduced, energised and invigorated.

GROHE Grandera™ is a new unique GROHE SPA® collection that welcomes you home to a real sense of elegance and refinement. Based around the intriguing geometric shape developed by our own GROHE in-house design team - the GROHE squircle - Grandera™ incorporates the square and the circle. Every precision-made element of your bathroom will harmonise beautifully with Grandera's timelessly urbane design.

This brochure is about inspiration. We hope you'll be inspired by the designs and hints inside to create a blissful Home Spa in which to escape and indulge in "Pure Enjoyment of Water" – Pure Freude an Wasser.

GROHE KENSINGTON®

Shimmering in the light, Kensington with Swarovski® crystal handles harks back to a bygone era of glamour and indulgence. Sophisticated and precious, the multi-faceted handles bring a jewel-like quality to the basin area and can be found across a range of complementary bath fittings. Luxurious and attractive, Kensington will be the talking point of your home.

Kensington faucets with solid metal handles are offered in two designs – enabling you to choose the perfect match for your bathroom. An elegant lever handle, featuring ceramic headparts, complements a round design with faceted edges – reminiscent of the crystal handles. Both styles are offered as a three-hole basin mixer – their linear quality enhancing the rectangular forms of a classic pedestal basin.

GROHE BRIDGEFORD™

For those who surround themselves with the comfort of a simpler time, Bridgeford completes a traditionally styled bath without sacrificing 21st century performance. Old-world detailing is perfected on the Bridgeford wideset, vessel faucet, and roman tub fillers, while shower safety valves trim brings modern functionality to a Victorian-styled bath. The Bridgeford line features Grohe SilkMove® technology for effortless water control and is available in Grohe's durable oil rubbed bronze finish, brushed nickel InfinityFinish™, and striking Grohe StarLight® chrome.

GROHE SOMERSET™

Highlighting the enduring appeal of Art Deco design, the Somerset faucet collection is a bold fusion of tradition and modernism. A hexagonally faceted spout and handles give continuity to the authentic design, while the use of perfectly balanced proportions and ergonomically-shaped levers – which benefit from GROHE SilkMove® technology – will bring a classic look to your bathroom interior scheme. GROHE StarLight® technology brings a luminous shine to the chrome finish and draws attention to the facet edges, or to create a more traditional look, choose brushed nickel Infinity Finish™.

GROHE GRANDERA™

Home is less a specific place and more a certain feeling. A feeling of familiarity, comfort and security. Somewhere you can recharge your batteries, rest and relax - a place of retreat. Somewhere everything is exactly as it should be. Every detail just right. From the ceiling light to the floorboards. Nothing left to chance. Especially not in the bathroom, your own personal spa area. Welcome home. With GROHE Grandera™.

Inspired by the squircle, the GROHE Grandera™ collection combines circular and square shapes in an innovative design that is both elegant and powerful, timeless and modern. The result - unique faucets and showers that seem to defy the laws of geometry. Edges, arcs, lines, squares – all blend fluidly into each other to provide the perfect backdrop for water in all its beauty.
