

PLUMBING SOLUTIONS

IPEX

Appliance Fittings

The **Appliance Wye** can be installed in horizontal or vertical configurations during rough-in with included snap-in plug.

The **Threaded Flush Bushings** allow for installation of various sizes of threaded barb nipples, ensuring the correct size for any connection.

The **Appliance Adapter** spigot connection can be solvent welded to 1-1/2" fittings during rough-in. The hose barb is sealed until the time of installation.

IPEX provides the most extensive range of appliance fittings in the industry; giving you flexibility of installation for connecting appliances such as dishwashers and condensate lines.
