Specialty Products[™]

SPECIFICATION

Furnish and install high-impact plastic Washing Machine Outlet Box with brass valves as manufactured by LSP Products Group/Specialty Products.

DESIGN FEATURES

- Patented box design provides left, center and right waste options.
- Box knockouts accept either waste or water lines.
- · Built-in test cap in box.
- Adjustable faceplate accommodates up to 5/8" wall thickness.
- EZ-Turn Quarter-Turn Ball Valves made of durable brass resists cracking and corrosion and allows fingertip control of water flow.
- Simplex Valve consolidates hot and cold water connections into one levercontrolled unit.
- EZ-Turn valves have long-lasting o-rings and tough Teflon seats.
- · Slim-line box profile allows for 1" backing.

NEW: Thinner Design Allows

Side View Installation INSTALLATION INSTRUCTIONS

- 1. Position box between studs to desired height.
- Secure box to a backing board with screws or nail bracket(s) on box to front of stud(s). In both cases the front edge of the box should be flush with wall material.
- Cut or punch opening in bottom box if necessary for 2" plastic drain pipe Solvent cement pipe to bottom of box.
- 4. When installing valves follow your local codes.
- 5. Install face plate by pushing plate into box until plate is flush against the wall material.
