Swan for the Bath

Transform your bath with the beauty and durability of Swanstone. Swanstone is a high-performance solid surface that looks great and lasts a lifetime—a unique combination in the industry.

From shower walls, floors and accessories, to vanity tops and bowls, wainscoting, molding and trim, Swanstone offers a complete suite of beautiful and durable bath solutions.

What makes high-performance Swanstone so right for your next kitchen or bath project?

Color and texture are consistent throughout, with no surface coating to crack or chip. Compression-molded, not cast, Swanstone will not crack or craze like other materials — and it's easy to maintain, since it won't mold or mildew.

Heat resistant to 450° - the best in the industry. Walls can handle steamer units.

Swanstone is impervious to damage from common household culprits. Acetone will not etch it; cosmetics and beverages cannot permanently stain it.

Five times stronger than other solid surfaces, Swanstone won't break, even when hit with a hammer.

Swanstone Bath Wall Kits

Need to go taller and wider for a more custom fit solution? Each Swanstone Bath Wall Kits are designed to fit multiple shower floor sizes, which includes ADA-compliant floors. Its seamless, floor-to-ceiling appearance can be used with or without the corner molding strips. Easily trim panels to a desired height or width.

Do I need an overlap panel?

To create a 60-inch shower or tub enclosure, an overlap panel must be used. Specifically designed against water infiltration, the overlap panel creates a perfect and tight fit. The corner shelves are designed to complement the use of the overlap panel.

Swanstone Wainscoting

Swanstone wall panels are perfect for virtually any commercial high-traffic areas. They're a great way to protect the lowest, most vulnerable part of the wall, while adding architectural interest and detail.

- Save time, money and hassle by eliminating wall damage.
- Resistant to cracks, gouges and dings.
- Easy to install, clean and repair.
- Finish your wainscoting with Trim Kits (**TK-6072** and **TK-105**), Batten Strips (**TK-0372**) or Corner Moldings (**CM-72** and **CM-2096**)

Veritek® and High Gloss — strong, beautiful and affordable.

Veritek® and High Gloss tub and shower walls offer outstanding value, and durability while being easy to install. Veritek® wall kits are available in a variety of styles and sizes to fit any specification. Since they have no surface coating, they won't chip or crack and will not mold or mildew. High Gloss wall kits have a durable, baked-on finish for an ultra-bright, glossy surface.

When your design calls for fresh, affordable bath solutions, Swan has several options. Our compression-molded materials are non-porous, and highly resilient. For tubs, baths and shower walls, you'll find Swan products are affordable, wear-resistant, easy to maintain—and are covered by one of the industry's best warranties.

Swan Kitchen Sinks

Put the power and elegance of a Swan Kitchen Sink to work in your kitchen. Few other materials offer such a unique combination of sophistication and functionality. Available in standard sizes, our drop-in and undermount configurations give you plenty of design options.

GRANITE SINKS

Swan Granite Sinks are created with the clean lines, profiles and sweeping, organic curves that echo natural elements. Our sinks are made with 80% natural quartz stone, making them extremely durable, low maintenance; retaining their solid good looks for years.

SWANSTONE SINKS

The real beauty of Swanstone Sinks goes deeper than just surface appearances. Available in a range of single and double bowl configurations, our drop-in and undermount style sinks are ideal for both new construction and remodeling projects. Swanstone sinks are durable and non-porous which make maintenance a breeze.
