

# TIGER TOOTH ABRASIVE

## Applications:

Ductile Iron, Cast Iron, Concrete-Lined Water Pipes, Sewer Pipe and PVC

## Secondary Applications:

Concrete, Asphalt and other Building Materials

## Recommended for:

High Speed Handheld Saws

A blend of silicon carbide abrasive for cutting, aluminum oxide abrasive for extending life and three layers of reinforcement make this blade the best choice for cutting all kinds of pipe.

Part Number	Description	Price (USD)
MN37843UA	14 x 1/8 x 1-20mm Universal Arbor	13.00

Dual arbor for use on both 1" and 20mm saws.
