Constellium celebrates its 10th anniversary

Paris, May 3, 2021 –Today marks the 10th anniversary of Constellium, a global industry leader which traces its roots to aluminium pioneers Alcan, Alusuisse and Pechiney. In its first decade as a standalone company, Constellium has strengthened its position in the aerospace, automotive and packaging sectors, entered new markets, expanded its footprint, and offered ever-more innovative and responsible aluminium solutions, thanks to its integrated industrial and R&D platform, and its diverse and skilled workforce.

Reflecting on 10 years of progress, Jean-Marc Germain, CEO of Constellium said, “I take great pride in what we have accomplished over the last decade, and I want to thank all those who have accompanied us on our journey thus far – our dedicated and talented employees, our longstanding customers, and our partners and communities. As we celebrate this important milestone, I am even more enthusiastic about the many opportunities we have to contribute to a lighter, safer and more sustainable tomorrow.”

Join the celebration! [Sign](#) the 10th anniversary card, visit the [website](#), and follow Constellium on social media. A series of videos, including milestones and interviews with employees and management, will be released throughout 2021 to recognize achievements, and anticipate the exciting road ahead.

About Constellium

Constellium (NYSE: CSTM) is a global sector leader that develops innovative, value added aluminium products for a broad scope of markets and applications, including aerospace, automotive and packaging. Constellium generated €4.9 billion of revenue in 2020.
