YEELIGHT PRO

ROOFLIGHT
Smart Ambient Rooflight

The **Yeelight Pro Rooflight**, also known as the Skylight, is an advanced smart ceiling light engineered to replicate natural daylight and create the ambiance of a skylight. Perfect for windowless rooms and spaces needing vibrant ambient enhancement, its innovative optical design mimics sunlight's natural 30° angle to provide soft, even illumination that shifts seamlessly from dawn to dusk, delivering a true "sky effect."

Suitable for both residential and commercial settings, its sleek design supports protruding or recessed installation on aluminum gusset ceilings. Equipped with Bluetooth 4.2 BLE wireless connectivity, the Rooflight offers intuitive app control and customisable lighting with high brightness, excellent colour rendering (Ra94), and an adjustable colour temperature range ideal for living rooms, kitchens, hallways, and corridors.

Features

- **Natural Daylight Simulation**
  Utilises advanced Forward Projection and Transformed Rays technologies to replicate sunlight at a natural 30° angle, delivering soft, even illumination that mimics the changing light of the sky.
- **Fully Adjustable Lighting**
  Offers seamless control over brightness from 1% to 100% and a wide colour temperature range spanning 1600K to 8000K, enabling a spectrum from warm, soothing sunrise hues to crisp, cool daylight tones.
- **High-Performance LEDs**
  Incorporates 15 premium LEDs producing up to 2100 lumens with a superior Colour Rendering Index (CRI) of Ra94, ensuring vibrant, accurate, and lifelike colours in any setting.
- **Smart Connectivity**
  Features integrated Bluetooth Mesh technology for smooth control through the Yeelight Pro app, voice commands, and compatibility with leading smart home platforms including Apple Home-Kit, Google Assistant, and Amazon Alexa.
- **Energy Efficient Design**
  Balances exceptional lighting quality with energy savings through intelligent power management and efficient LED technology.
- **Installer-Friendly Integration**
  Certified Control4 driver and quick discovery functionality allow for easy integration into lighting and automation systems without extra control wiring.
- **Elegant and Minimalist Design**
  Showcases a sleek, minimalist aesthetic with a magnetic ornamental frame that ensures a refined, seamless ceiling finish.

*Please note:
When operating with the **Yeelight Pro BLE Mesh Driver**, an integration with the **Yeelight Smart Home Hub** (YL-1-000007879) is required to enable network control and smart automation functions.

Specifications

Product Model #	**YL-1-000005492**
Input Voltage	220-240V
Frequency	50/60Hz
Rated Power	80W
Luminous Flux	2400 lm
Colour Temperature	Tuneable white 1600K-8000K
CRI	Ra94
UGR Rating	<12
Bluelight Hazard Class	RG1
Standby Power	<0.1W
Driver Type (works with)	Integrated with Yeelight Pro BLE Mesh driver
Size (mm)	598 x 434 x 190 mm
Cutout (mm)	600 x 300 mm *Please note: consult manual before cutting*
Surface Finishing	White
Product Weight (g)	4400 gram
Integration	Control4, Yeelight Pro
Certificates/Compliance	RCM, CE, RoHS, UKCA
Warranty	3 Year

*Specifications are subject to change without prior notice.
