

# Join Us for a Meeting on Background & Environmental Review of Three Proposed Residential Projects

## DETAILS

- Thursday, December 15
- 6:30 to 8:30pm
- NYC Health + Hospitals: Gouverneur, 227 Madison Street
- Learn about the projects, the environmental review process, and share your thoughts and ideas

Translators and materials will be available in Cantonese, Mandarin, and Spanish.

As three proposed residential developments in Two Bridges undergo joint **environmental review**, join us to learn about this public review process and **give your feedback**. Meetings will include small breakout groups and activities. Food will be served!

## WHAT ELSE?

- The meeting will be hosted by the three developers with proposed projects in Two Bridges: JDS Development Group, Starrett Development, and Two Bridges Associates.
- All are welcome! No prior knowledge of the environmental review process required - that's what we will be discussing in small groups with a hands on activity.
- Can't make it to this meeting? There will be more in early 2017. This meeting will be the first of four. In each one, we'll discuss a different part of the public environmental review process.
