Exit 13/Golden Triangle Study

DRAFT

Golden Triangle Study Steering Committee CHARTER

The Steering Committee's mission is to ensure the Golden Triangle study yields results that Framingham and Natick support, including:

- A clear, achievable, and shared development vision, along with zoning recommendations and an action plan
- Input to MassDOT that will help the state improve MassPike Exit 13 access in a way that supports the shared development vision
- Development options that are feasible in the marketplace
- Development options that support and advance life quality in the area, as well as in nearby Framingham and Natick residential neighborhoods

Given the mission, Committee members commit to:

- Sharing perspectives on area opportunities, challenges, and key questions needing answers
- Providing input on questions of direction or priority
- Supporting a final document that respects the needs of municipalities, property owners, and employers in both communities
