Greater Boston Project Connect is a day for our entire community to come together in support of families who are in transition, experiencing homelessness, or are in need of the services offered.

Your entire family is invited to join us for a special day connecting to employment resources, financial education, health and wellness services, back-to-school essentials, and much more. We are providing activities for children in a safe play area so you can connect with the community services you need. Guides are on hand to help your family make the most of the resources available, and lunch is provided.
