WOMANHOOD ANONYMOUS NO MORE

Womanhood is a public art and digital media project that will commission interactive, educational, and accessible artifacts and public artworks that recognize the historical contributions of Santa Clara County women to the region and beyond. Launched and supported by the County Supervisors, the goal of the project is to artfully promote the accomplishments of women from all economic, employment and cultural backgrounds.

SHORT-TERM GOAL

Build greater awareness of the role of regional women through digital storytelling, exhibitions, temporary artworks, youth workshops, and an online archive.

LONG-TERM GOAL

Name and rename significant sites and commission permanent public artworks honoring women.

HOW WOULD YOU LIKE TO SEE WOMEN RECOGNIZED FOR THEIR WORK IN SANTA CLARA COUNTY?

Text or leave a voice message anonymously to the numbers designated to each county district.

Your feedback and ideas will help us identify locations and opportunities for temporary and permanent public art that recognizes women and their contributions to the region.
