

# *Transforming Competing Priorities to Mutually Beneficial Outcomes*

## Listening Session Questions

### **Town Character/ Culture + History/ Diversity**

- What makes up the town's "character"?
- How do you keep the character but allow the town to flourish because change will happen whether planned or not?
- Are possible solutions any different if you consider environmental or energy resources or community health?
- What are potential Town resource implications to solutions – financial, land, and/or human resources?
