Safety Data Sheet

Issue date: 03/23/2022

Last Revision Date: 03/23/2022

· Chemical characterization: Mixtures

· Chemical components: Not Applicable

(Contd. on page 2)

Issue date: 03/23/2022

v 2

Trade name: Cool Smoke Fluid

(Contd. of page 1)

50-100%

8042-47-5 White mineral oil, petroleum

# 4 First-aid measures

· Other Ingredients

#### · Description of first aid measures

General information: No special measures required.

- After inhalation: Supply fresh air; consult doctor in case of complaints.
- · After skin contact:

Immediately wash with water and soap and rinse thoroughly.

Generally the product does not irritate the skin.

Wash with plenty of soap and water. Remove contaminated clothing. If skin irritation occurs, get medical attention. Launder contaminated clothing before reuse.

### · After eye contact:

Rinse cautiously with water. Remove contact lenses, if present and easy to do. Get medical attention if eye irritation develops or persists.

- After swallowing: DO NOT INDUCE VOMITING. Get immediate medical attention.
- · Information for doctor: Treat Symptomatically
  - Most important symptoms and effects, both acute and delayed May cause eye irritation. Symptons may include discomfort or pain, excessive blinking and tear production, with possible redness and swelling. See section 11.
  - · Indication of any immediate medical attention and special treatment needed No further relevant information available.

# **5 Fire-fighting measures**

· Extinguishing media

· Suitable extinguishing agents: Use fire fighting measures that suit the environment.

· For safety reasons unsuitable extinguishing agents: Water with full jet

• Special hazards arising from the substance or mixture See section 10 for additional information.

- Advice for firefighters
  - Protective equipment:

Recommend wearing self-contained breathing apparatus. Water may cause splattering.

# 6 Accidental release measures

Personal precautions, protective equipment and emergency procedures
 Particular danger of slipping on leaked/spilled product.
 Personal protective equipment must be worn. Avoid contact with skin, eyes or clothing.
 Environmental precautions:
 In case of seepage into the ground inform responsible authorities.
 No special measures required.
 Methods and material for containment and cleaning up:

Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).

Reference to other sections
 See Section 7 for information on safe handling.
 See Section 8 for information on personal protection equipment.

(Contd. on page 3)

v 2

Trade name: Cool Smoke Fluid

(Contd. of page 2)

See Section 13 for disposal information. • Protective Action Criteria for Chemicals

· PAC-1:

None of the ingredients is listed.

· PAC-2:

None of the ingredients is listed.

· PAC-3:

None of the ingredients is listed.

# 7 Handling and storage

· Handling:

Precautions for safe handling

Keep containers closed when not in use. Wash thoroughly after handling. Launder contaminated clothing before reuse. Empty container contains product residue which may exhibit hazards of product. Dispose of packaging or containers in accordance with local, regional, national and international regulations.

· Information about protection against explosions and fires: No special measures required.

#### · Conditions for safe storage, including any incompatibilities

- · Storage:
  - **Requirements to be met by storerooms and receptacles:** See section 10 for incompatible materials.
  - **Information about storage in one common storage facility:** Store in a cool dry place in tightly closed containers.
  - Further information about storage conditions:
  - Keep receptacle tightly sealed.

Protect from humidity and water.

Protect from heat and direct sunlight.

· Specific end use(s) No further relevant information available.

## 8 Exposure controls/personal protection

· Control parameters

Components with limit values that require monitoring at the workplace:

The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

• Additional information: The lists that were valid during the creation were used as basis.

#### Exposure controls

#### · Personal protective equipment:

- · General protective and hygienic measures:
- Clean skin thoroughly immediately after handling the product.
- Do not store food in the working area.
- The usual precautionary measures for handling chemicals should be followed.
- Do not inhale dust / smoke / mist.
- Breathing equipment:

Avoid breathing in mist or vapor. Under normal use conditions this is not a breathing hazard. Prolonged exposure to vapors may cause dizziness and headaches.

(Contd. on page 4)

## Safety Data Sheet

Issue date: 03/23/2022	v 2	Last Revision Date: 03/23/2022
------------------------	-----	--------------------------------

# Trade name: Cool Smoke Fluid

(Contd. of page 3)

Use suitable respiratory protective device only when aerosol or mist is formed. • **Protection of hands:** 

Chemical resistant protective gloves

### · Eye protection:

Safety glasses. If potential for splash or mist exists, wear chemical goggles or faceshield.

# 9 Physical and chemical properties

Information on basic physical and che	emical properties
General Information	
· Appearance:	
· Form:	Fluid
· Color:	Yellow
· Odor:	Mineral-oil-like
· Odor threshold:	Not determined.
· pH-value:	Not determined.
· Change in condition	
<ul> <li>Melting point/Melting range:</li> </ul>	Undetermined.
<ul> <li>Boiling point/Boiling range:</li> </ul>	Undetermined.
· Flash point:	>200 °C
· Flammability (solid, gaseous):	Not applicable.
· Decomposition temperature:	Not determined.
· Auto igniting:	Product is not selfigniting.
· Danger of explosion:	Product does not present an explosion hazard.
· Explosion limits:	
· Lower:	Not determined.
· Upper:	Not determined.
· Vapor pressure:	Not determined.
· Density:	Not determined.
Relative density at 20 °C	0.80-0.88
· Vapor density	Not determined.
• Evaporation rate	Not determined.
· Solubility in / Miscibility with	
· Water:	Not miscible or difficult to mix.
· Partition coefficient (n-octanol/wate	er): Not determined.

Trade name: Cool Smoke Fluid

		(Contd. of page 4)
Viscosity: Dynamic:	Not determined.	
· Kinematic at 40 °C:	12 mm²/s	
· Solvent separation test		
· VOC content:	0.00 %	
· Other information	No further relevant information available.	

# 10 Stability and reactivity

· Reactivity No further relevant information available.

- · Chemical stability
  - Thermal decomposition / conditions to be avoided: No decomposition if used according to specifications.
- · Possibility of hazardous reactions No dangerous reactions known.
- · Conditions to avoid Heat, open flames, sparks.
- · Incompatible materials: May react with strong oxidizing materials.
- · Hazardous decomposition products:

Smoke, carbon monoxide, carbon dioxide and other products of incomplete combustion.

## **11 Toxicological information**

· Information on toxicological effects

#### Acute toxicity:

· LD/LC50 values that are relevant for classification:

#### Oral LD50 >2,000 mg/kg (rat)

#### Primary irritant effect:

#### on the skin:

May cause mild skin irritation. Prolonged or repeated skin contact as from clothing wet with material may cause dermatitis. Symptoms may include redness, edema, drying, and cracking of the skin.

#### · on the eye:

May cause eye irritation. Symptons may include discomfort or pain, excessive blinking and tear production, with possible redness and swelling.

- · Inhalation: May cause respiratory tract irritation.
- Ingestion: May be harmful if swallowed. May cause stomach distress, nausea or vomiting.
- Sensitization: No sensitizing effects known.

### Additional toxicological information:

When used and handled according to specifications, the product does not have any harmful effects according to our experience and the information provided to us.

#### · Carcinogenic categories

· IARC (International Agency for Research on Cancer)

None of the ingredients is listed.

(Contd. on page 6)

v 2

Trade name: Cool Smoke Fluid

(Contd. of page 5)

# • NTP (National Toxicology Program)

None of the ingredients is listed.

# 12 Ecological information

#### · Toxicity

· Aquatic toxicity: No further relevant information available.

· Persistence and degradability

Persistance and Degradability 75.7 (-) (OECD 301B)

## · Behavior in environmental systems:

### · Bioaccumulative potential

Bioaccumulation > 7 (-)

#### · Mobility in soil Not Determined

Additional ecological information:

#### · General notes:

Water hazard class 2 (Self-assessment): hazardous for water

Do not allow product to reach ground water, water course or sewage system.

Danger to drinking water if even small quantities leak into the ground.

#### Results of PBT and vPvB assessment

· **PBT:** Not applicable.

**vPvB:** Not applicable.

• Other adverse effects No further relevant information available.

# **13 Disposal considerations**

· Waste treatment methods

• **Recommendation:** Smaller quantities can be disposed of with household waste.

Uncleaned packagings:

• **Recommendation:** Disposal must be made according to official regulations.
