

MAXX AIR
A CPS® BRAND

Precision performance with increased productivity.

Optimize your recovery processes with a high-capacity, oilless compressor for faster and more efficient performance. **Reduces recovery time up to *30% faster than the competition!**

**Based on internal testing.*

MSX134

R-134A SINGLE GAS RRR

- Fully automatic or user selected manual processes
- 7" Color touch-screen display
- 30lb tank included, upgradeable to 50lb tank
- Onboard oil injection
- Wireless network printing
- High capacity oilless compressor significantly reduces recovery time
- 2-Year full coverage warranty

MSX3030

R-134A / R-1234YF DUAL GAS RRR

- Fully automatic or user selected manual processes
- 7" color touch-screen display
- Hybrid / EV Ready
- Built-in refrigerant identifier
- High-capacity oilless compressor significantly reduces recovery time
- Includes two 30lb tanks and hose sets
- WiFi and Bluetooth® enabled
- Wireless network printing
- 2-Year full coverage warranty

MSX1234

R-1234YF SINGLE GAS RRR

- Fully automatic or user selected manual processes
- 7" color touch-screen display
- Hybrid / EV Ready
- Built-in refrigerant identifier
- High-capacity oilless compressor significantly reduces recovery time
- 30lb tank included, upgradeable to 50lb tank
