

**OEM APPROVED**

**580000**  
**REFILL AND DIAGNOSE WITH ONE COMPLETE COOLING SYSTEM KIT.**

The VACUFILL™ Jr. with AIRLIFT™ Universal Radiator Cooling System Pressure Adapter Kit combines two essential tools into one comprehensive solution for diagnosing, testing, and refilling vehicle cooling systems.

**VACUFILL™ JR. includes:**

1. Vacuum tank
2. Graduated reservoir
3. Vacuum gauge assembly
4. Fill hose
5. Venturi assembly
6. Vacuum hose
7. Extension hose
8. Extraction hose

**includes 26-piece adapter kit**

Kit contents shown on reverse

**Diagnose Leaks with Confidence.**

Quickly identify both external and internal cooling system leaks—including blown head gaskets and cracked blocks. The included hand pump, thermometer, and 21 precision-fit adapters cover most domestic and import vehicles, making the kit a versatile diagnostic tool for technicians.

**Radiator Cap and Pressure Testing Made Simple.**

Easily test radiator caps for proper sealing and pressure retention. The comprehensive adapter set ensures reliable connections for a wide range of vehicle models, giving you the coverage you need without swapping tools.

**Air-Free Coolant Refills.**

Paired with the VACUFILL™ Jr. tool, the kit uses vacuum to eliminate air pockets before refilling—reducing the risk of overheating and system failure. Just connect via the included adapters to draw a vacuum, then refill your system cleanly and efficiently.

# VACUFILL™ JR. WITH UNIVERSAL RADIATOR COOLING SYSTEM PRESSURE ADAPTER KIT

The 26-piece AirLift™ Universal Radiator Cooling System Pressure Test Kit exposes both external and internal leaks—whether due to failed gaskets, cracked blocks, or faulty radiator caps. This universal kit fits most modern vehicle platforms, helping you detect problems before they escalate. Instruction manual includes vehicle compatibility chart.

| 9. Aluminum adapter #9 | 18. Aluminum adapter #18 |                                 |

## Packaging Specifications

CPS Part#	580000
Brand	UView®
Description	VACUFILL™ Jr. with Universal Radiator Cooling System Pressure Adapter Kit
UPC	750377121968

HTS Code	8206.00.00.00
Warranty	1 year
Unit Weight	0.71
Case Length	18.5
