

Safety Instructions

Read and understand this entire manual before using this product. Keep these instructions for future reference.

1. Do not use this product near water.
2. This product should be operated only by the type of power source indicated on the marking label or in this instruction manual.
3. Do not defeat the safety purpose of the polarized plug. A polarized plug has two blades with one blade wider than the other. This plug will fit into the power outlet only one way. If you are unable to insert the plug fully into the outlet try reversing the plug. If the plug should still fail to fit, contact your electrician.
4. Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the product.
5. Do not overload wall outlets, extension cords, or integral convenience receptacles as this can result in a risk of fire or electric shock.
6. Never push objects of any kind into this product through openings as they may touch dangerous voltage points or short-out parts that could result in a fire or electric shock. Never spill liquid of any kind on the product.
7. Do not attempt to service this product yourself as opening or removing covers may expose you to dangerous voltage or other hazards. Refer all servicing to qualified service personnel.
8. Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
9. Do not use attachments not recommended by the product manufacturer as they may cause hazards.
10. A product and cart combination should be moved with care. Quick stops, excessive force, and uneven surfaces may cause the product and cart combination to overturn.
11. Slots and openings in the cabinet are provided for ventilation and to ensure reliable operation of the product and to protect it from overheating. Do not block or cover these openings.
12. Unplug the product during lightning storm or when unused for long periods of time.

Items in this package

Before throwing away any packaging materials, please check thoroughly and make sure you find the following items that come along with this package:

- Radio
- Power adaptor

Please contact Crosley customer service if there is any accessory missing from the package. **Retain the original packaging materials for exchange or return purposes.**

Specifications

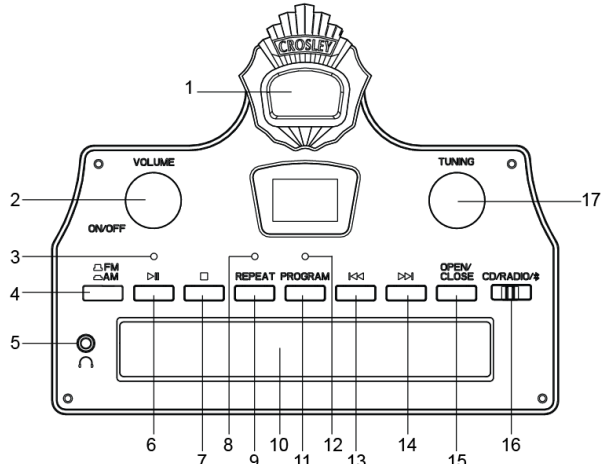

Frequency Range	AM 520 - 1710 KHz FM 87.5 – 108.5 MHz
Power consumption	14W
Power Source	AC-DC adapter 12V 1A
Speaker	3" 8Ω 3Wx2

Note:

- *Design and specifications are subject to change without notice.*
- **To help save power consumption, some models will comply with ERP energy saving standard. When there is no audio input for 20 minutes, their powers will automatically cut-off. To turn power back on and resume playing, you will need to turn off the power and turn it on again.**

Product Description

1. Tuner Dial
2. On-Off Switch/Volume Knob
3. Play/Pause Indicator
4. AM/FM Button
5. Headphone Jack
6. Play/Pause Button
7. Stop Button
8. Repeat Indicator
9. Repeat Button
10. CD Drawer
11. Program Button
12. Program Indicator
13. Backward Skip Button
14. Forward Skip Button
15. Open/Close Button
16. Function Switch
17. Tuning Knob
18. Speaker

19. Antenna
20. Power Jack

Initial Setup

Essential Setup

1. Place the unit on a flat and level surface. The selected location should be stable and free from vibration.
2. Connect AC adaptor to the Power Jack of the unit.
3. Untie the FM Antenna and allow it to hang in a straight line.

Radio Operation

1. Turn the unit ON by turning the On-Off Switch/Volume Control clockwise to the ON position.
2. Press the Function Switch to the Radio position.
3. Press the AM/FM Button to the desired radio band (AM or FM).
4. Turn the Tuning Knob to select the desired station on the Tuner Dial.
5. Adjust the volume to the desired listening level by turning the On-Off Switch/Volume.
6. Turn the unit off by turning the On-Off Switch/Volume counterclockwise to the off position.

Note:

- *The unit is equipped with a FM wire antenna. To FM improve reception, move the wire around until the reception is clear without interferences. Do not connect the wire to any additional antenna.*
- *The AM antenna is built inside the unit. If AM reception is poor, try to rotate the unit for better reception.*

Bluetooth Operation

1. Turn the unit ON by turning the On-Off Switch/Volume Control clockwise to the ON position.
2. Press the Function Switch to the Bluetooth mode, the Tuner Dial will light will change to blue.
3. Turn on the Bluetooth feature of your audio device, search for “Crosley CR32” and pair.
4. Play and stream music from your device to the unit.

Note:

- *Bluetooth version - 4.2*

CD Playback Operation

1. Press the Function Switch to the CD position.
2. Press the Open/Close button to open the CD tray and put the CD in the tray with the labeled side facing up.
3. Press the Open/Close button again to close the tray. The LED display will show "--" for a few seconds, then the total number of tracks on the CD. If it is a blank CD or an unrecognizable CD, it will show "00".
Note: MP3 or similar types of digital audio files can not be read by the CD player.
4. Press the Play/Pause button to start the playback. The Play Indicator will light up.
5. During the playback, press the Play/Pause button to pause and the Play Indicator will start flashing. Press it again to resume playback.
6. To skip to the next or previous track, press the Forward Skip or Backward Skip button correspondingly.
7. To search fast forward or backward a track, press and hold the Forward Skip or Backward Skip button correspondingly until you reach the desired time. Release the button and the playback will resume.
8. Press the Stop button if you want to completely stop playback.

Programmed Playback

1. Before starting the playback, press the Program button once to enter program mode. Program Indicator will start flashing. The LED display will flash "01" as the track sequence which is to be edited.
2. Press the Forward Skip or Backward Skip buttons to select the desired track that you would like to play. The LED's number will turn steady instead of flashing, showing the sound track number at selection.
3. Press the Program button to confirm the selected track. The LED's number will start flashing again showing the next track sequence which is to be edited.
4. Repeat steps 2 & 3 for additional sound tracks that you would like to play. The tracks can be in any number and repeated. A maximum of 20 tracks can be programmed at one time.
5. Press Play/Pause button to start the programmed playback. The tracks will play in the same sequence that you programmed earlier.
6. To exit the program mode, press the Stop button twice and the Program Indicator will be off.

Troubleshooting

There is no power

- Power adaptor is not connected correctly.
- No power at the power outlet.

There is no sound

- **Function Knob** is in the Bluetooth position
- Make sure the volume is turned up.

CD does not play

- Function mode is not set to CD.
- The CD is blank.
- The CD is placed on the tray incorrectly with the label side facing down.
- The CD has unsupported digital audio files like MP3 and similar types of format.
- The CD has too many scratches or dirty.

FCC Statements

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.
