

Pharmacy Manager

We manager your pharmacy, so you focus on what matters

PHARMAFAST PITCH DECK

Company Name: Better Future for All Association (BEFA)

Project Title: Pharmafast

Focus Area: mHealth

Category: Non-profit/Social enterprise

PAIN POINT

ACHU needs a specific medication but does not know where which pharmacy can provide it at a reasonable price and in sufficient quantities

She is also working full time and does not know which near-by pharmacy is opened after 6:pm

She has a fever but can not visit the pharmacy due to lockdown

ACHU is physically challenged and finds it stressful and time-consuming moving in search of medications from one drug store to another

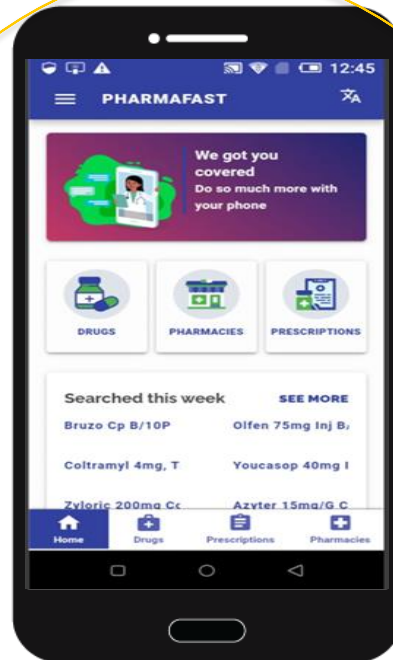

With Pharmafast

Have access to more than 5000 authorized medications

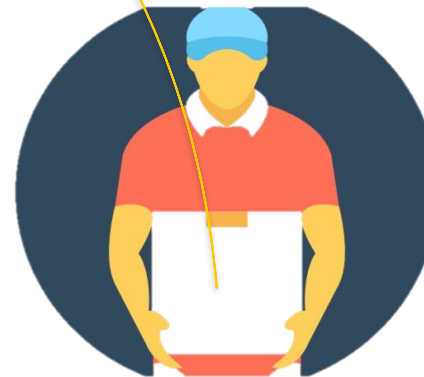

ACHU can find nearby certified pharmacies that carry a particular medication at a reasonable price and in sufficient quantities

Pharmafast Pharmacy Management System. An online marketplace for certified drugstores

ACHU can place an order and the medication be delivered to her within a short time

FUTURE PLANS

Develop and introduce other features to reinforce new patient-centred services

Scale Pharmafast to other African countries

Collaborate, partner with the public and private entities that are promoting good health and well-being

Oversee more patients at a lower cost

BUSINESS MODEL

Charges on delivery

Commission to be paid by clients depending on their location for home delivery

B2B SUBSCRIPTION REVENUE MODEL

Registered pharmacies paid an annual fee for their data to be hosted on platforms
