## Movements and Changes

Apparently my article about getting involved in the Region hit home last month with many of you. For the past few months Steve Prince, our Regional Advertising Coordinator, had been looking to rotate out of the role. I received an email from Mark Wishart, from the SunFun Area, last week inquiring about the position. Mark has a background in advertising / marketing and brings a wealth of experience to the role.

Currently Mark and Steve are working together on making the transition a smooth one. Mark, thanks for stepping up and we look forward to working with you. Steve, we appreciate your service to the Region and the Club over the past couple of years.

Another recent change is in the Treasurer position. Art Weiss has decided to rotate out of the role after over two years of service. Taking over for Art is Don Morris, the current Metro-lina Area Director. Don has impressive credentials in the business world having served previously as Comptroller as well as CFO. Art, thanks for your service and passion for the Club. Don, we look forward to working with you in your new position.

With Don taking over as Treasurer, the Metro-lina Area is now in need of a new Area Director. Area Director candidates are vetted and approved by the Board and are then elected by the members of the area that they represent.

If you are interested I will be happy to add your name to the list. Please include a brief bio and your previous experience with the Club.

### More Changes

Some of you will notice in the classified section of TR this month that my personal car, a 1997 993 Coupe, is up for sale. No, I am not leaving the club nor have I lost my passion for the track. The truth is more mundane. In reality, my life has changed dramatically since the arrival of our twins in September 2009. Where I used to do 6 or 8 track events during the year, in the past 3 years I have done a total of 2.

The car deserves to be driven and I just do not have time at this stage in the kids' lives. That will change as they get older but for now a change in vehicles is in order.

Once some luck person buys my car, I will be looking for probably an '06-08 997 Coupe. Something that I can drive everyday but still drive on the track when the opportunity arises. My heart *really* wants a GT3, but I need to be the practical dad for now and have a Porsche with backseats.

I promise that I will not be a stranger at the track as I still intend on instructing. As a matter of fact I instructed at the Hendrick Porsche Track Day at CMP a couple weeks ago. Rest assured, the passion is still there.

As always, if you have any ideas, comments or feedback please feel free to contact me at [president@carolinas-pca.com](mailto:president@carolinas-pca.com) or (704) 906-0343.

Because  
you're known by  
the company  
you keep.

## Remembering Matt

**The Historian's Desk** By Lou Scalzo

A few weeks ago on March 8th, I headed down to the Amelia Island Concourse, which is always something I look forward to. March is particularly a busy car month in Florida. There is something big going on every weekend, and everyone seems to be Spring car crazy. Gooding and Company was having their big auction on Friday, traditionally held at the beautiful Omni Amelia Island Plantation. However this March was going to be bittersweet. Sixteen of Porsche's most important turbo race cars, all owned by the Drendel Family of Hickory, were going up for auction and I wanted to be present to see the cars that meant so much to Matt Drendel one last time.

I had the privilege to meet Matt a couple times previously. Once briefly during Rennsport Reunion at Daytona in 2007, and once again at 2008 at the Charlotte Porsche Parade when he had generously brought many of the cars in his collection to the Convention Center for public viewing. What impressed me about Matt at the '08 Parade was he was very approachable and enthusiastic. While I was talking with Matt's assistant at the time, Matt made

time to come over to give my friends and me a full tour of each car, spending a good amount of time to do so. It was a very special experience. But this is what I came understand about Matt from others, was his generosity of spirit and support for the Porsche Community. He was always willing to open his collection to other fellow Porsche enthusiasts.

Friday March 9th, as I made my way into the largest of the Gooding and Co. tents at the Plantation, I saw Trevor Ely, Matt's assistant at Heritage Motorwerks. Trevor graciously agreed to help me with this article and give me more background on Matt and his Porsche's. In the large tent, there they were. All 16. Gleaming and beautifully prepared for the auction. The first car was scheduled to appear on the bidding stage about 1pm. They are listed here as they appeared for bid:

- 1988 944 Turbo S - Just over 700 miles, as new condition.
- 1976 935/76 serial 001 - Previously driven by Rolf Stommelen, and Manfred Schurti.
- 1980 924 GTP - Driven at Le Mans by Holbert and Derek Bell.
- 1997 GT1 EVO - Weissach test car, Factory entered, Le Mans in 1997 with drivers Wolleck, Stuck, Boutsen.
- 1991 944S2 cabriolet - Exceptional original car with 18,681 miles.
- 1976 934 - Second of 31 934's, most successful of all 934's in international competition. Winner of Best in Class at Amelia Island and Rennsport Reunion II.
- 1987 McLaren MP4 Formula 1 - First on five MP4's constructed, last year of TAG-Porsche engine. The only one in private hands.
- 1984 Porsche 962-103 - The winningest 962 in history. The first 962 to score a victory. Winner of the 24 Hours of Daytona in 1986 & 1987. Contributed to 3 Championship season's for Al Holbert. Driven by Al Holbert, Derek Bell, and Chip Robinson. Only 2 owners since new.
- 1986 944 Turbo Cup - Significant Factory Race Prepared Specifications. Ground-up restoration.
- 1974 911 RSR Turbo 2.14 - 2nd of only 4 made. In original unrestored Martini and Rossi livery, an irreplaceable piece of motorsport history.
- 1973 917/30 Can-Am Spyder - One of six. The most powerful road racing car ever built. Meticulously restored in Penske Racing livery.

# WINEBAR

- 1981 944 GTP - One of two factory built. Factory prototype and development car. Total ground up restoration.
- 1985 962 HR1 - Driven by Al Holbert, Derek Bell, Al Unser Jr. and Chip Robinson. 9 wins and 17 podium finishes over 4 years. Winner of Best in Class at the Amelia Island Concours.
- 1992 968 Turbo Cup RS - The first of four produced. Raced in the '94 Le Mans and '95 Sebring finishing 6th in GTS2 class. Competed in the '94 European BPR series. Total ground-up restoration.
- 1980 Parnelli Porsche Indy Car - Porsche's original Indy Racing project.
- 1995 911 GT2 - First in class at 1996 12 hour of Sebring, Second in class at 1997 24 Hours of Daytona. Driven by Hans Stuck, Derek Bell, Thierry Boutsen, and Bill Adam.

showing that investors believe the collector car hobby to be very healthy, even during these trying times.

Back at home the following week in the Carolinas, I was able to contact Trevor. Although he and the shop were somber to see much of Matt's collection move on, he was gracious enough to give me a little more information on Matt, his life and how his love of the had marque developed. After graduating college at Western Carolina, he enrolled in driving schools to develop and hone his skills. He started crewing on the Lotus Sport team in the Supercar Championship, which was using the competitive Esprit X180R at the time and being piloted by the likes of Doc Bundy and David Murray. After finishing the driving schools he became involved in the Ferrari Challenge series with a 355 Challenge for a full season, and then went on to compete in the Grand-Am series from 1999 to 2001.

Some of the bid prices during the auction where the highest ever paid for turbo racing Porsche's including \$1.925 million for 962-103, the highest for a racing 962 to date. The 917/30 sold for \$4.4 million, 935/76 sold for \$2.53 million [both to collector J. Seinfeld]. The 1974 911 RSR went for \$3.245 million and the 1997 GT1 Evo for \$1.265 million. This included a 10 percent fee to the buyer from Gooding and Company. These are very robust figures,

In 1999 Matt competed in 5 races with the Bell Motorsports Team in a BMW M3, including the 24 hour Daytona with co drivers Terry Borcheller, Tony Kester, Scott Nuemann, and James Kenton, placing 17th overall. A few months later in March at Sebring, he raced again with Kester, Nueman, and Hayner. In 2000 Matt competed in 5 races in Grand-Am with 4 different teams including The Racer's Group, Bell Motorsports, Safina Racing, and Orbit Racing

## The "Vault"

As Lou describes in his article, Matt Drendel's presence will be sorely missed in the Porsche community. He was very generous with, and proud to show, his collection. And living near his hometown of Hickory allowed the locals extra opportunities to see these fantastic cars.

Back in December of 2008, I was lucky enough to be part of a small group given a tour of Matt's collection. We started out at their hanger at the Hickory Airport where some of the cars were stored and worked on. Then we caravanned across town to the family home where the most prized cars were kept in "The Vault", a location deserving of the name. Only accessible through a massive locking door in the house's basement, there stood many of the cars recently sold at auction. For security reasons, nothing could be driven in or out of the room. A lift brought cars down from the ground level above. Another interesting feature was the ventilation system that allowed the cars to be run inside the windowless room.

It was a once in a lifetime event that I was glad to be a part of. Thanks Matt!

- Tom Morgan

at Watkins Glen. What Matt noticed in the first several years of his racing career was the common thread of Porsche as a consistent winner. He wanted to make the change to drive and race exclusively in Porsches. So after consulting with his dad, Frank, Matt retained G&W in 2001 to campaign a 911 GT3RS with co-drivers Darren Law, David Murray and Cort Wagner, and to run a complete 11 race season. They ran well, with a season high 2nd place at GP Trois-Rivières. The team's consistent results earned them the GT Team Class Championship, with Matt earning 2nd Place in the GT Driver's Championship and teammate Darren Law taking 1st Place in GT Driver's Championship.

Reflecting on his racing accomplishments, and with plans of starting a family with his wife Shana, Matt decided once again to make a change. This time he would be a Collector of the Marque. He started with a 1984 930, which Matt either worked on himself or at Porsche of Hickory, where he developed a good working relationship with the Master Mechanic Bobby Stikeleather, and Trevor Ely. Matt had a particular interest in the turbocharged models, and had the means and ability to develop his collection. And over time what a collection it became! Matt sought to acquire cars that carried a special pedigree - factory team cars, prototype and developmental models, and some of the most successful customer racecars Porsche ever sold. Some of particular note worthiness included three 935's - the first 935 (935/76), the last 935, (Akin Fabcar), and the '79 Sebring winner that took the top award at the Rennsport Reunion. Both of the Lowenbrau sponsored Holbert 962s were also part of the collection - chassis 962-HR1 and 961-103, which he was the only owner other than the Holbert family. His collection was so renowned that the

Porsche factory would contact him occasionally to use cars in several TV commercials, including the Panamera “Family Tree” spot and shows including the NYC Auto Show using GT1-004.

Today Matt’s legacy lives on. The shop he founded at the Hickory Airport, the original site for his personal collection, known as Heritage Motorwerks remains open and committed to serving the needs of the local Porsche community. The staff is made up of Bobby Stikeleather, a Porsche Trained Technician with over 32 years of experience, Trevor Ely handling sales and special needs including a search network for finding specific cars, and Eric Bailey, with 20 years of experience in hauling and handling of specialty cars. HMW are specialist’s in late model Porsche, mainly the 964 model and newer, featuring the latest computer diagnostics, pre-purchase inspection and general maintenance work done with the same care Matt’s collection received. Also available are off-site paint and body, high performance wheel alignments, interior and top upholstery work. So please do give these enthusiastic guys a try if you are located in this area.

Till next month,  
Your friendly historian

## National News

# The Porsche Event of the Year

This summer, the 57th Porsche Parade will be held in Salt Lake City, Utah Sunday from July 8th – Saturday July 14th, 2012. You need to be there!

The Little and Grand America Hotels in the heart of Salt Lake City will be our host hotels this year. Our primary block of rooms is in Little America, a AAA Four Diamond, family founded facility that has been a Salt Lake City landmark for over 40 years. Its sister hotel, the Grand America, is a Five Diamond facility. The hotels are across the street from each other and conveniently located within walking distance of shopping, restaurants, nightlife, cultural and sporting activities and the downtown trolley system.

We will of course have our traditional four competitive events, The Concours d'Elegance, TSD Rally, two days of Autocross fun, and the Technical and Historic Quiz. In between there will be many opportunities to join driving tours through the mountains, attend a local cooking school, try your hand at the Gimmick Rally, enter the Art Show, or shop at the Goodie Store—I could go on!

To see all the activities, and plan your week, go to <http://parade2012.pca.org>.

While the planning for the Parade is proceeding nicely, we had an unfortunate server crash which destroyed the server which hosts our online Parade registration software and database. We've spent the past two weeks rebuilding that server/software and transferring it to a new hosting company. As a result, we are moving our registration start date to March 27th to ensure the best possible experience for your online registration. Thank you in advance for your patience.

## Specifications and Platform for 2013 Porsche 911 GT3 Cup Race Car to Remain the Same

**Santa Ana, Calif.** – Fresh from the Porsche 911 GT3 Cup's GT podium sweep at the Rolex 24 at Daytona, Porsche Motorsport North America, Inc. (PMNA) has announced that the 2013 version of the Cup race car will be virtually unchanged from the current model.

On the week that the new, seventh generation Porsche 911 (type 991) is arriving at Porsche dealerships nationwide, PMNA President Jens Walther has told Porsche racing customers that the 2013 Cup cars will continue virtually unchanged from this year's model.

"As with previous models of the 911 GT3 Cup cars, it takes some two years for the race car design to be completed based on a new street car, so we anticipate the Porsche 911 GT3 Cup (type 997) to be the racing platform through at least the 2013 racing season. Meanwhile, we have a limited number of 2012 Cup cars and will have a limited number of 2013 Cup cars that have no specification changes," said Walther, who pointed out that the Cup car has remained essentially the same since 2010.

The Porsche 911 GT3 Cup car is the defending Rolex Grand-Am GT champion, as well as the defending SCCA Pirelli World Champion

title-holder and the SCCA GT2 Club Racing National Champion, and the spec car for the American Le Mans Series GT Challenge, the International Motor Sports Association GT3 Challenge by Yokohama, and the IMSA GT3 Cup Challenge Canada. Cup cars are also popular in Porsche Owners Club and Porsche Club of America racing series.

"The whole Porsche family is excited about the new Porsche 911 (type 991) street car, but there is so much more to be accomplished in 2012 and 2013 with the current 911 GT3 Cup (type 997)," said Walther.

Since its introduction in 1989, the Porsche 911 GT3 Cup has shown to be both fast and reliable, maintaining its value as it races in different countries in different classes. In January's Rolex 24, there were 23 Cup cars that started the race, with 2006 to 2012 models, each made competitive by the upgrades allowed by the sanctioning body and made available by PMNA.

Smaller Porsche SUV  
Gets a Name:

# The Macan

**Stuttgart. Dr. Ing. h.c. F. Porsche AG** – Stuttgart's new sports car in the SUV segment has been given the name Macan. The name Macan is derived from the Indonesian word for tiger and combines suppleness, power, fascination and dynamics – core characteristics of the new off-road car.

“The Macan combines all sports car characteristics with the benefits of a SUV and is a genuine Porsche”, said Bernhard Maier, Executive Vice President Sales and Marketing of Porsche AG. “The name of a new Porsche has to fit with the brand, sound good in very many languages and dialects and evoke positive associations.”

As the fifth Porsche model line, the Macan is a central plank of Strategy 2018, by which the sports car manufacturer wishes to expand its model portfolio. Porsche intends the Macan to emulate the success of the Cayenne. The SUV will start coming off the production lines in Leipzig in 2013. To that end, the site in this city in Saxony is being expanded into a fully-fledged production plant including body assembly line and paint shop - with 500 million euro of investment one of the biggest building projects in Porsche's corporate history. In the medium-term, the sports car manufacturer will be creating more than 1,000 new jobs here.

Word names at Porsche have a concrete connection with the corresponding model and its characteristics: the name Boxster describes the combination of boxer engine and roadster, Cayenne stands for sharpness, the Cayman is snappy and agile and a Panamera is more than a Gran Turismo, capable also of winning the Carrera Panamericana long-distance race.

## Editor's Note

As many of you noticed, March's issue of Tobacco Roads may have ended up in the hands of associate or family members rather than the primary member. The same happened here at my house, and Nancy told me I should go and get my own copy if I wanted to read it. ;)

We are sorry for any inconveniences. There was an error in the mailing list that has been corrected, so this month should be back to normal.

Greetings to all from Hickory!

We had a great meeting with 20 in attendance, and Jerry & Sadie brought the Goodie store! We were able to see some brand new products and get great deals on some discontinued items. We look forward to seeing them again at CMP Drivers Ed.

We are having our first ever Cars & Coffee at Porsche of Hickory and the Drive and Dine on March 17th, leaving from the Cars & Coffee.

Trevor Ingle was there to represent Porsche of Hickory and we discussed having a Cars and Coffee on a monthly basis. We also discussed a Tech Session and members indicated the topic of brakes, which would include proper brake bleeding, how to inspect brake rotors, and pads on March 27th at 6:00pm-7:00pm. For the month of April our Cars and Coffee event will be on April 14th and the tech session will be on the 26th.

Finally, we had 4 new members in attendance! Their names are Ian Taylor, of Hickory, who is planning to attend the DE at CMP, David Deal, from Morganton, and John and Mary Mehar, of Hickory.

Vallie and I are planning to attend this years Chump car race at VIR so we hope to see some of you there.

Gotta Have Fun

There was a very nice launch party for the new 911 at Hendrick Porsche. We got to get a good look at the car and have a seat in it. Some lucky folks got to take a drive.

Cars and Coffee got cancelled at North Lake Mall because some idiots were doing burnouts in the parking lot. Hope we find another place.

Next track event for me is the March Zone 2 VIR event which is sold out. Looking forward to that. Leaving today for the event.

Our monthly meeting will be the Third Wednesday at Maggiano's Restaurant in South Park Mall off Sharon Road. Meeting starts at 7PM. Pre-meeting at the bar around 6:30. See you there.

Look for the April Spring Food Lion AutoFair, the Pine Island Concours in Columbia, and the DE at CMP. Registration is open and the event is filling up.

Keep the sunny side up.

The Mountain Area meeting was held at TWC Motorsports in Asheville, NC, [www.twcmotorsport.com](http://www.twcmotorsport.com). Sadie and Jerry Kilcrease were present bringing the Goodie Store to Asheville for the first time since PorscheFest 2010. Twenty-five members and eight guests attended, enjoying the day and admiring the ever changing mix of performance and classic restorations at Tom Coleman's shop.

Showroom floor cars included an early Thunderbird, two award winning Corvette's and a beautiful Porsche 356SC Cabriolet. In the shop, front and center was an award winning 1967 Chevelle, built up from a tube frame and powered by a Katech 427 cubic inch motor. Tom started it up, later in the day, and some folks came in from the showroom thinking a bomb had went off.

After initial introductions, Tom provided a brief tour of his shop and then introduced Norris Wright owner of B&W Distributors who distribute MALCO Automotive Cleaning Detailing Products, [www.malco.com](http://www.malco.com) to professional detailing shops, auto dealerships, etc. Tom uses those products on his restoration and custom projects.

Norris asked for a volunteer car to demonstrate the use of MALCO's interior cleaning and maintenance products. Buck Buchanan offered his "Not Pink" 964 America Roadster. Buck's golden retriever, Sunset, wasn't entirely sure she agreed with any change to her perfectly comfortable riding place behind the seats, but in the end relented. Norris demonstrated a product to clean pet hair from carpet, etc. (looks like a small stone) and used cleaning solution and a special vacuum to clean the carpet. He then demonstrated various products to clean and then treat leather and vinyl. He also answered questions throughout the demonstration concerning products to use on the dash, to clean the inside windshield, clean the plastic instrument covers, etc.

After the demonstration a drawing was held for a bucket of MALCO cleaning products that Norris provided and gave away various other samples as well. Sadie offered an item from the Goodie Store which was appropriately won by Buck. We greatly appreciate Tom opening TWC to the club and Norris Wright for his technical demonstration of MALCO cleaning and detailing products. And a special thanks to Sadie and Jerry for bringing the Goodie Store.

Our next meeting is on April 7. We'll meet at Harmony Motors at 9:00 a.m. for very quick business meeting then off for a nice drive through the mountains. We'll caravan to the Marion area via I-40 and US 70 then up in the mountains on NC 80 on the way to Clarence's Restaurant in Unicoi, TN. The drive from the Marion area is about 65 miles with two hour drive time to Unicoi. On return there are a couple of options, down I-26 to Asheville or detour off in the mountains adding about 45 minutes of good roads, intersecting with I-26 at Mars Hill. More details will be sent in my usual reminder.

Hope to see you at a future event.

- David

Sandhills Area has added a couple of new members in the past month as word continues to get to more Porsche owners. Our first local event will be the March 31 tour to Childress Vineyards and NASCAR museum in Lexington. Two tech sessions are planned for spring and summer, and a visit to the Rockingham drag strip will use some old rubber!

Bob Kim and the Traingle folks invited us to join them for a BBQ run last Saturday....a great turnout at Pic-N-Pig in Carthage, NC.

Several of us are getting ready for the April DE. Registration is done and vehicle prep is underway. A couple of us are also using the TurnOne events at CMP to prepare for the season.

Our next dinner meeting is March 27 at Italian Table in Seven Lakes. With this great weather we can put the tops down!

## Sun Fun Area By Sandy Shirley

**Meeting:** Third Tuesday of the month at 6:30pm

Contact Sandy Shirley, Area Director  
sunfun-ad@carolinas-pca.com

*This month's Sun Fun report is being written by Troy Bostick of Doc's Grrrage:*

Sandy has asked if I would mind writing about the Chili Cook Off held at Doc's Grrrage on February 21st. I am not much on making speeches or writing stories so please forgive me.

We had a great turnout with several people bringing their favorite Chili and the others brought some fantastic deserts. This was a Chili cook off so there had to be some judging. Sandy randomly selected a few people to be judges and they were given the daunting task of figuring out whose chili was the best. The judges selected the following winners: Third place: Gerald Stabler; Second place: Sandy Shirley, and for the first place honors went to Rock Webb. I did sample everyone's chili and thought, I'm glad I was not a judge because they were all very good.

I surprised everyone by inviting an authentic Mexican Mariachi band to perform. They played some traditional Mexican music as well as requests which included: "Ring of Fire", "Under the Boardwalk", "The Devil Went Down to Georgia", "Another Brick in the Wall."

Finally, I would like to thank Sandy for encouraging us to hold these types of events for the club. I truly enjoy seeing everyone getting together and having a good time. Of course I need to thank Les Stabler, Gerald Stabler and Rodney Fossum for all of their hard work and dedication to the shop. I also want to thank my wife Lisa, for all of her help with day to day operations and the setup for the event. Last but not least my son Eli who in his six year old greatness, loudly and confidently called out the numbers for the raffle drawings. His lack of fear for public speaking makes me proud and envious.

Thank you to everyone who continues to supports us and our shop.

- Troy Bostick

The Triad Area PCA held its monthly meeting at Big Shotz Tavern in Clemmons with 55 members and guests in attendance. We welcomed first time attendee Will Taylor and sang "Happy Birthday" to Sue Ayache who had celebrated a birthday during the month of March. Tanya Reed and Emily Branch manned the 50/50 split the pot table and the lucky winner when the ticket was drawn at the end of the meeting was Jerry Harrison. Charles Ruppert reminded everyone of the drive up to "Hungry Mother State Park and Beyond" and Stan Simm shared information on a recommended location to get alloy wheels changed. Ron Reed displayed a collection of past

event photos on the overhead projector and Sadie had the Goodie Store set up. Our speaker for the evening was Serge Ayache and he gave the group a short presentation titled "Classic Cars for all Ages". Serge presented details and statistics that helped all of us better understand the various categories of classic Porsches and their current values. After the business meeting was over, folks continued to visit before heading home.

## Triad GIP (Girls In Porsche)

(By Sadie Kilcrease)

Our March meeting was held at the Chop House in High Point and we had a record number in attendance. Special guests, Danielle Whedbee and Natalie Willard from Foreign Cars Italia, had planned to join us for lunch. However, Danielle had a last minute closing on a car she sold so they were about 2 hours late. But some of us were still around and got to visit with them for a short while. Kathy Kiser from the Hickory area joined us. Our waiter pull the lucky number from our split the pot tickets and a scream could be heard throughout the building. He pulled my number....I WON, I WON. The food was delicious but the fellowship is why we enjoy our GIP meetings. It isn't the food or the meeting location but the people. Our next meeting is scheduled for April 5 and will be held at the Village Tavern, Hanes Mall Blvd, Winston Salem. We will meet at 12:30. Mark your calendar and join us.

some well deserved time off. There will be a people's choice car show; pontoon rides and lake swimming; games; Lexington style bar-b-que with all the trimmings; beer, soft drinks and water. This event should be a lot of fun so make plans to join us...details and registration information coming later.

September 1st (Saturday)-Annual Swap Meet- hosted by RennGruppe in Lexington, NC- Jerry Kilcrease, Chairman- hosted by Triad Area PCA with lunch and open house provided by RennGruppe at their facility at 364 Dixon Street, Lexington. Details later.

### Next triad area monthly meeting:

TUESDAY, April 17th, AT BIG SHOTZ TAVERN IN CLEMMONS – The meeting will start around 7pm. Sadie will be there with the Carolinas Region Goodie Store and Ron Reed will provide overheads of current PCA events. So please come join us for fun and fellowship. Contact Jerry Kilcrease at jkilcrease@triad.rr.com if you have any questions or need directions. See you there!

The highlight of the last 4 weeks was our BBQ run to one of our favorite spots – the Pik 'n Pig in Carthage, NC. Despite its down-to-earth name, the Pik 'n Pig offers some of the best barbecue we've been able to find. And the staff at the restaurant always serves us with warm hospitality.

If you're a PCA member like me, the barbecue isn't my primary reason for going on a BBQ run. The weather was expected to be beautiful and I had a feeling that our fellow Porsche owners were ready for a fun drive on some winding back country roads. To add to our fun, we invited the members of the Sandhills Area and our friends in the Hurricane Region. Together, we had a small convoy of 17 beautiful Porsches, ranging from a beautiful red 1974 Targa to a stunning blue 2011 997 C2S with sport chrono. It was the kind of day when the Boxsters could put the top down and the cherry blossoms made the scenery that much more special.

My favorite part about our BBQ runs is that our members frequently bring their spouse and/or their kids. The Pik 'n Pig is located at a small private airfield. So it's great for Porsche enthusiasts and their families. I hope you'll be able to join us on another BBQ run or Saturday morning fun run soon. It's a great way to kick-off your weekend.

Here's a reminder of the events that are coming up in April and May that I hope you'll mark on your calendars:

March 30th – Virginia International Raceway Open House (Alton, VA): the track will be open for charity laps from 9am to 4pm; all proceeds will benefit Ronald McDonald House Charities of NC and Southwest VA. The Tavern will be serving delicious food, and the skeet shooting range and the Kart track will be open.

March 31st – Chump Car 14 hr Race/Enduro at VIR

We're going to start Thursday night club dinners at the Preserve again, starting in April. I'll send out an invitation at the end of March to make sure everyone has an opportunity to enjoy a dinner with the club at the beautiful Preserve golf club house.

We're still working on our detailing session plans, as well as our tech session with Leith Porsche in Cary. The plan is to have both in April. Be sure to check your e-mail for more information about the final dates for these events.

Thanks to everyone for a great month. Please call me at (919) 816-6117 if you have any questions.

## Upstate Area By John Budinich

**Meeting:** First Monday of the month at 6:30pm  
Quaker Steak & Lube, 10 Chrome Drive  
Greenville, SC

Contact John Budinich, Area Director  
upstate-ad@carolinas-pca.com (864) 915-0011

We held our March meeting at Quaker Steak & Lube with 47 people in attendance. The large turnout is a sign that everyone wants to shake off the winter doldrums and start enjoying the spring weather and the opportunities it provides for enjoying our Porsches. With that, we discussed the very busy calendar in April and its diverse slate of events. The Pine Island Concours is being held in Columbia on the 14th (see details elsewhere in TR). Karla Kuhn discussed the Block House Steeplechase that will take place on the 21st. About 15 of the 30 available slots were filled as of the date of the meeting. Check with Karla if you are interested in last minute availability of space.

A new event is also being held on the 21st. The Carolinas and Peachstate Regions have been invited to participate in the Lake Hartwell Antique Wooden Boat Show at Lake Hartwell Marina in Hartwell, GA. The boat show has been an annual event since 1993. This year marks the 50th anniversary of Lake Hartwell and there will be over 50 antique wooden boats present (Chris Craft, Gar Wood, etc.). We are hoping to have 50 Porsches on display as an added feature for the show and anniversary. Details were sent in a separate mailing to the membership and look for a report in next month's TR.

April 22nd will be the Food Lion AutoFair at Charlotte Motor Speedway with a number of Upstate Area members planning to attend. John Babinski gave an update about the DE scheduled for April 28th at CMP. We also discussed Sommerfest planned for Memorial Day weekend in Columbia. Whew! Talk about a busy time of year.

As noted in the article about the New 991 events, as of February 1st, Porsche of Greenville has been providing a one-year membership to anyone purchasing a new or used Porsche. We are already feeling the positive impact of that benefit as the Upstate Area membership added 7 new members last month. We also had 2 members transfer into the Upstate Area.

I was able to use the TVs in the room to demo the use of Flipboard on an iPad to access articles and posts on the Carolinas Region website. Congratulations to Don Roof for continuing to bring the Carolinas Region into the world of social media. Finally, we discussed an overnight tour to the Tail of the Dragon. Robert Rainer has taken the lead on planning the tour and our target is for early June. A note will be sent out to the membership as soon as the details are available.

### Upcoming Upstate Area Meetings

- Monday, May 7 at 6:30 pm at Quaker Steak & Lube, Greenville, SC
- Monday, June 4 at 6:30 pm at Quaker Steak & Lube, Greenville, SC

As always, I would ask members to keep the ideas, suggestions and feedback coming to upstate-ad@Carolinas-pca.com as they can only help to improve our meetings and activities throughout the year.
