GET INVOLVED...TAKE PART!

I'm pretty sure I speak for most of our members in that WE WELCOME SPRING and warmer weather! It is wonderful to see MARCH filling the calendar as well the warmer temperatures. Trees are budding out; flowers popping – bring on DRIVING SEASON!

Speaking of driving; Ann and I had the pleasure of attending the Upstate Area Chili Cook-Off last month. What a great event indeed. Many fantastic recipes adorned the 25ft table as will forever be etched in my mind as the "Great Wall of Chili". While it was on the cool side, outside...the lineup of flavors located inside the walls of Thunder Bunny Racing "warmed" everyone's hearts...and bellies! While there were over 20 entrants in the competition, ONE stood out above all others. Chris Berube (Thank you for your Service to our Country Shipmate) brought his special "3 Pepper Hickory Smoked Chili" recipe and took home TOP HONORS. He and I along with his wife Bevin posed for a quick Victory Photo in front of a spotless example of the classic 928! Well done Chris...well done indeed!

Bevin, Chris and Me

Who can have Chili without "sweets"? Well...apparently the Upstate cannot and I will say WOW...the winning Chocolate Delight #3 Entrant was anything BUT third. Congratulations goes to Rebecca Finch for the winning dessert.

Here are some of our upcoming events, and key items for the next few months:

Autocross is pulling a TWO-FER during April. John Kelly has secured a new venue as well as our traditional locations. Schedule is listed in this edition with the **season kicking off on April 7 in Greensboro**. Then on April 21 we visit the Winston-Salem Fairgrounds for ROUND 2. WE NEED as many members as possible as well their families to come out and help us celebrate the wonderful Porsches that we have; no better way than to drive around some cones. We are putting together an AREA CHALLENGE CUP – so come out and support YOUR AREA!

"Apple Blossom Tour to Lake Lure" is a joint event between the Hickory and Triangle Areas during **16-19 April** (YES, weekdays). This tour will be held in and around the Lake Lure, NC area with lodging at the historic 1927 Lake Lure Inn & Spa – additional announcements and advertisements coming soon; note that this will be limited to 30 cars.

"Fruehling In Den Bergen" aka Spring Tour '24 will be held at The Berry Hill Resort & Conference Center in South Boston, VA from **8-10 May** (YES, during the weekday) – see announcement/advertisement in this issue of TR. Registration opens on club registration on 15 March. We are looking for 50-75 cars to attend. Come out and JOIN US for the celebration of Spring '24.

Upcoming Leadership Position VACANCIES throughout the Carolinas Region:

Newsletter Editor: AKA – the one that publishes Tobacco Roads. We are currently looking for an enthusiastic person with an eye for detail, design, and publishing skills to be our new editor.

Autocross Co-Chair: Assist in design, layout, building of each circuit. Run the timing & scoring at each event. Should have the ability to maintain and deliver (tow) the AX trailer with appropriate supplies (provided by the Region).

Social Media Chair: Build, publish and maintain articles/photos on our Facebook and Instagram platforms. Have the ability to manage the appropriate use and posting of other Carolinas Region members on these as well.

Hickory Area Co AD: Assist in the planning, coordination and execution of monthly meetings, wine & drives, dinner drives and other special functions appropriate for the area members.

Club Race Co Chair: assists in the overall administrative coordination, planning, setup and execution of the Region's Club Race.

On ALL of the above upcoming vacancies, please reach out to either Me or Jim Hess (Vice President) to discuss further. We look forward to discussing with you as we further develop our Regions Leadership and "lean forward" to the future. Help the Carolinas Region by GIVING BACK...to your fellow members.

I ask that you look through the pages here and find AT LEAST ONE event to attend. We have the BEST roads around...the BEST people around...the BEST FAMILY around.

Good Friday as well as Easter falls within March this year...Happy Easter to those of us that celebrate. Enjoy all the weekend has to offer! Here to serve You...and remember; Get Out And Drive!!!

I'm working on our spring "Wine & Shine" for April and our Beavers Den drive in late May or early June, so stay tuned.. Our 50/50 "***Split the Pot***" winner this month was Phil Smith who took home a cool \$120 benefitting our charity fund for the 2nd Harvest Food Bank in Charlotte. Our Feb. 21st meeting at Red Rocks Café in Charlotte was a fun meeting. We had 28 members including 4 new members join us for a fun night socializing and talking about our spring plans. Jack Rech, the 2023 Fall Raffle winner of a new 718 Spyder RS gave us an update his finalizing the specifications, mentioned that he has gone thru over 19 different configurations before picking the best one. Upstate Area Chili Cook-Off

The Upstate Area held our Annual Chili Cook-Off on Saturday February 3rd, and did we have some great tasting chili!

Before I get into the event details, I want to thank this years host - Thunder Bunny Racing . We really appreciate the use of their facilities. Thank you TBR Team!

This year's Chili Cook-Off had 18 Chilis and 5 Desserts entered into the competition. We had 102 PCA members in attendance who were also our judges. Thanks to everyone who brought a Chili, Dessert or Appetizer for our enjoyment.

Chili Tasting commenced a little after 6pm, and as far as I'm concerned this was some of the best Chili I have had in a long time!

An amazing turnout of friends sharing their favorite recipes....doesn't get much better!!!

Our region president Jerry and his wife Ann made a special trip to attend and enter our Cook-Off!
Jerry is always promoting the Carolinas Region!

While the Votes were being tabulated by the Accounting Firm of Price, Paquette & Mastracci we held a charity raffle with some fantastic prizes;

- \$1000 Off Full Paint Protect Film @ EPM Detailing
- Free Ceramic Coating @ EPM Detailing

Sandhills Area

sandhills-ad@carolinas-pca.com

By Marty Barrett
Area Director

Thirty-five Sandhills members met for dinner in January at Midland Country Club's Tavern On The Green. This was our first visit to TOG. Food was good and logistics worked well. We discussed events planned for 2024...including Porsche Parade in Birmingham in June.

Ed Samuelian told us about his fun cruise with PCA Treffen at Sea. And, Mike McKittrick took us through the sorting options he developed for our Sandhills member roster. Calvin & Justin from Porsche Greensboro joined us and contributed prizes for the charity raffle. We will return to TOG on March 26 for dinner meetings.

Werks Reunion and The Amelia begins the busy Spring events season! Carolinas DE at CMP on March 9-10 is the first track event. After C&C on March 16, Sandhills and Triangle Area members will meet for lunch at the Lighthouse restaurant at Little River resort. Judy Boles will speak to us about her journey to become the first woman National PCA President.

In early April a few of us will be at VIR for the Ferrari Club DE, and on April 16 we leave for 4 days to tour the Bourbon Trail in Kentucky.

Twice monthly C&C events remain very popular as you can see in the pictures.

The area monthly dinner meeting was held February 22 at the Carolina Ale House. The featured speaker was Krystal Greenhaw of Wise Coatings of Raleigh. She spoke about high quality garage and outdoor patio coatings. She brought samples of the coatings they offer and she also fielded many questions from the audience. The drawn-at-random winners of \$500 and \$250 discounts were Vic Friedmann and Jim Pro-per, respectively. This was not fixed or fraudulent in any way.

Our monthly meeting in February was hosted by our friends at Sonderwerks in Cornelius. We had a great turnout (almost 50 PCA members and friends) and there were plenty of great cars parked in the Sonderwerks Porsche Corral (please see photo).

Porsche corral

Before we kicked off the meeting, our members had plenty of time to venture around the main Sonderwerks building. As usual there were plenty of beautiful vintage Porsches (mostly early 911s) at various stages of completion on display in the shop (please see photo). Sonderwerks is known for their great work on air cooled 911s from painting (did you know that they feature a full size paint shop?) to complete engine rebuilds. Their upholstery work is exceptional - they can even add a vintage Pepita seat design to your 992 if you like to add a classic touch....

We kicked off the meeting by discussing our future options for conducting our monthly PCA meetings. We had a very interactive and lively discussion focused on the three most important parameters of any future location: safe and sufficient parking, convenient location for the LKN group, and a meeting room to accommodate our presentations. The consensus was to continue supporting me in the search and for me to decide on the next venue. I am happy to announce that the owner of "The Waterman" restaurant in Cornelius, Paul Manley, has agreed to host our March meeting. He is a Porsche enthusiast and drives a beautiful Boxster S. Since it is easier for him to accommodate our PCA group on Tuesdays, we have scheduled our next meeting for Tuesday, March 12th at 6 pm. He will block off a section of the (large) parking lot to provide safe parking for our group. We will be in a private section of the restaurant for our presentation which will be by Pedro Campuzano and Nicola Venchierutti. They raced their 1953 356 in the 2023 La Carrera Panamericana and they are planning to bring the car to the meeting as well. You don't want to miss this event!

Sonderwerks shop

Chris and Bob with Sonderwerks also briefly addressed the group and conducted tours of the facility to anybody interested. Sonderwerks was a great host providing us with delicious barbecue which was greatly appreciated (please see photo).

Raffle winners, Tim Gelbar, Teesie Smith

Our popular raffle yielded \$490.00 for the families and children supported by our charity Children's Hope Alliance in

Troutman. Of course, we raffled off many great prizes bought with our area stipend, a couple of fantastic Porsche boards donated by Jeff Matthews, and a full detail donated by LKN Auto Exchange (please see photo of our winners Tim Gelbar, detail, Teesie Smith, both boards!).

Glenn Knight with LKN Car Guys

We also had Glenn Knight in attendance (please see photo). He started LKN Car Guys, a group of car enthusiasts that meets twice weekly outdoors, rain or shine. Obviously, a very committed group!

Hickory Area

By Michael Vittorio
Area Director

As all Area Directors know, it's becoming increasingly difficult to find restaurants willing to host (without assessing room charges) our Club's monthly dinner meetings. But thanks to some leg work by White and Gail Iddings, we are fortunate to be able to add a new venue - BOCA - a relatively unique restaurant for our Area featuring a Mediterranean inspired menu and very comfortable meeting spaces. So, on February 13, twenty-five Hickory Area members and friends -- including new member Jett Murphy - gathered at BOCA for our first group visit. Jane and I were traveling most of the month of February so the meeting was hosted by White and Gail Iddings.

Snoopy

Given that we met the day before Valentines, Gail (the very thoughtful hostess that she is) made an extra effort to assure the meeting was an appropriately themed celebration of "the Day". Valentine's Snoopy was on hand to mark the occasion and served as a backdrop to any couple wanting to mark the occasion with a photograph. In addition, a special container of Valentine's Day chocolates was given to each of the ladies present -- and men who so desired.

Blowing Rock member Don Trexler shared the details of his newest Porsche acquisition, a 912. As it happens, we have another member, Casey Daniels who has also recently acquired a 912. I suspect the two of them will shortly get together to compare notes.

As usual, we had door prizes and a 50/50 raffle. New member Jett Murphy won the raffle. He generously donated his "winnings" for a total \$200.00 contribution to Crossnore Communities for Children. Donna Antal and Bev Tosi won the evenings door prizes.

So, our first visit to BOCA was a great success. Attendees really liked the venue and expressed a keen interest in visiting again soon. The addition of a Valentine's theme was a nice touch and made for a very pleasant evening ... gathering with Porsche friends for dinner, wine, chocolate and a chance to be seen with Valentine's Snoopy. Thank you, White and Gail for a fun meeting.

As I put together this Tobacco Roads Newsletter each month, you know what resonates when I look at all the pictures and read the articles?

We are all here to share our love for our beloved Porsches!!..... Common sense and obvious, right? *But why?*

What is it about these cars that brings us together to celebrate them and our love for them?

All of us are from different backgrounds and life experiences, yet it feels to me we all have been drawn to become caretakers of these iconic cars.

I'm sharing an experience in hope that some of you will write down your own experience so it can be shared with others through this newsletter.

Here goes:

When I was a teenager in the early 80's, I decided I wanted to own a sportscar. Of course, I did. I was a kid.

I had convinced myself I didn't want to wait years until I retired to enjoy one. As a kid, that just seemed too long to wait and what if I died first!? Yes, those thoughts toggled through my young brain.

But what car to choose? What car really grabbed this kid's attention? To help me decide, I searched out any free auto trader magazines to peruse through the ads. There were so many choices in makes and models! I would dissect what I liked and didn't like about some of the cars and then look for them on the road. But being from rural Midwest, seeing any exotic or unusual car in person was rare so that magazine pictures and my imagination was mostly what I had to base my decision on. And, realistically, it wasn't like I could afford one any time soon, right?

Out of all the makes and models, it was the smooth blending curves of the Porsche 911 with big doe eyes that always made my heart happy to see. The artistic smooth lines just seemed perfect. I would imagine the air flowing around and happily caressing those painted exaggerated curves as the car effortlessly floated down a winding road. Yes, that's the car for this kid.

At 18 I started to visit my older sister who lived in California. I looked forward to trips to see her and my beloved Porsches. At the time (now mid-80's), California seemed to be a mecca for Porsches and seeing them regularly on the road was like eyeing your favorite candy in a sealed jar to me. As you can imagine, I would find every auto market magazine when I was out there and pick out the Porsches I wanted to buy. I would crunch the financials and dream of shipping one of them back to the Midwest. An absolute pipedream, but what a wonderful dream.

Fast forward to me at 23. I was putting myself through school while working full time. The Porsche dream and desire never left me. Even as busy as I was, I would still take time to check the classifieds. It was an addiction and obsession.

Then it happened. In a local paper there was an ad for old Porsche 911 in running condition within 2 hours of me. My face lit up and my heart skipped a beat. Even if I couldn't or didn't buy it, I just had to go look at it. I felt the need to touch one. I had only seen them on the road at a distance up to that point. I had yet to experience driving one.

But was it still available???... and should this 23-year-old go out on a limb and spend money she doesn't have and how will she explain it to people who wouldn't understand? I would have to take out a loan for a car that was almost 20 years old at that time. I pondered, but my inner self won out as it reasoned "what's the harm in calling?" So, I did.

I called and talked to the gentleman who was selling the car. He owned a car parts store and somehow acquired this car. After listening to him at length, it was obvious he was not attached to it at all. And as he continued to talk, he told me how the car had been sold, but the deal fell through. He reiterated many times in between his stories his price was firm and I was puzzled by how adamant he was about this until he shared his experience. He went on to say that a week before he had negotiated a price with out of state buyers through a series of phone calls. Part of the agreement was he would pick the buyers up at the airport and take them to the car and they would drive it home. It was a done deal. The car was sold. He told me he followed through on his end of the agreement and had picked up what he thought was the "new owners" a few days later at the airport and drove them to pick up the car they had bought sight unseen. Once onsite, though, the buyers proceeded to lowball him with a lot less cash and had never intended to pay the price they agreed upon. I chuckled when he told me he promptly loaded them back up in his car and drove them back to the airport. I regret not asking how that ride back went.

So, that's how my first Porsche came to be and was meant to be. I am so thankful to those buyers that messed up that deal. Because of them, I became the proud owner of my first Porsche 911. She may have had torn seat upholstery, imperfect paint, rust, and no air conditioning or working radio, but she was so beautiful to me and she ran like a top.

For me, even today, there's still a joy and a smile that comes from the distinctive sound and hint of oily exhaust smell when you start up an air-cooled car. It's a little bit of heaven.

Wait, no, it's a LOT of heaven for this kid!

Dream big. Adventure awaits!

Yes, I still have my 1972 911T. Sadly, any nostalgic pictures I had were lost due to time and moving. The car itself even fell into a restoration project 'holding pattern' for about 3 decades. It has taken at least eight years to find someone to help restore her. I'm super happy to say last fall she trailered away to start the restoration process.

I've owned a few Porsches since this one, but this one is a bit special to me. :-)
