# NOTICE OF ELECTIONS

The 2024 Carolinas Region PCA  
Nominating Committee  
Would like to present to you our  
slate of nominations for the Carolinas  
Region PCA Executive Council  
Elected positions for the  
2025/2026 term

The electronic ballot can be  
found at this link.

[Carolinas Region  
Executive Council ballot 2024](#)

**VOTE NOW**

## The Carolinas Region Board of Directors Requests your votes for the following Executive Council candidates

Primary member Name: \_\_\_\_\_ PCA # \_\_\_\_\_

Family/Assoc Member Name: \_\_\_\_\_ PCA # \_\_\_\_\_

		Primary Member	Family/Assoc Member
President:	Jim Hess	_____	_____
Vice President:	Michael Vittorio	_____	_____
Treasurer:	Sadie Kilcrease	_____	_____
Secretary:	Alex Galloway	_____	_____

Electronic voting will be on  
[https://www.balloteer.com/bp/nph-bstart?&e\\_id=20489144321926011094](https://www.balloteer.com/bp/nph-bstart?&e_id=20489144321926011094)  
Online voting will close On Oct 15<sup>th</sup>  
Paper ballots must be postmarked  
No later than Oct 15th

To submit by mail, detach this ballot  
Complete and mail to:  
Carolinas Region PCA  
Nominating Committee  
5 Hardy Ridge Way  
Travelers Rest, SC 29390

The Carolinas Region would like to welcome new members and transferring members.

As our readers are aware, your Carolinas Region PCA Board made the difficult, but necessary, decision to transition Tobacco Roads to an all-digital publication in July 2023. One of the benefits of making this change is that with our reduction in publication expense, we have reduced Tobacco Roads advertising expenses by more than 50% and all ads are in vibrant color in Tobacco Roads. In addition, as a supporter of the Region through advertising, we will also add your logo to our new Advertiser's page which includes a link to your website.

Cost of a full page ad is now \$2,000 for 12 months and \$1,000 for a half page add. We have now added the ability to add your logo to our Advertiser's page and not an ad in Tobacco Roads, for only \$250 for 12 months. Please check out the Advertising site on our website Carolinas Region PCA Advertisers - Carolinas Region PCA ([carolinaspca.com](https://www.carolinaspca.com)).

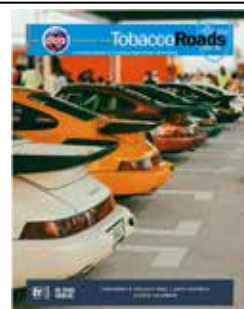

If you have an interest in supporting the Carolinas Region through advertising and driving interest and activity to your business, please contact our Advertising Chair, Doug Seefus at [Advertising@carolinaspca.com](mailto:Advertising@carolinaspca.com).

**For information about events outside the Carolinas Region, go to:**

<https://www.pca.org/events>

*The Whale Tail:*

*First appeared in 1974. Many iterations including these turbos are also known as a tea tray. It allowed the inter-cooler to do its job. On the back cover I show another variant. Here is a nice site [WHALE TAIL](#)*

# From the Driver's Seat

Jerry Widner, President

Ann and I just returned from the American Children's Home 26th Annual Show-Off. Just shy of 300 cars in attendance; but the term "car" doesn't appropriately describe the atmosphere. Cruisers, Rods, Antiques, Customs, Motorcycles, Trucks, Off-roaders – and of course a healthy dose of Porsche. The entire 15 acre (maybe more) of the facility was a massive "automotive fair". I can see why this is 26 years strong...with many more years to come.

Alan (Triad Area Director) did a great job of corralling his area to show up in force; I'm pretty sure there may have been some legitimate arm twisting involved as well. After the dust cloud settled on the scores, TJ Gottwalts Cayman GT4 RS took home top honors, with 2nd place to Mark Millers G-Body Carrera; not to be outpaced was Jerry Kilcrease and his lovely 356 in 3rd. Voting was encouraged and participated in BY ALL in attendance to the event – believe me (and assistant Matt) when we say it took us a "minute or two" to count the more than 200 votes.

Please read Alan's Triad Area update in this edition of TR for more specific details and of course photos. In mentioning photos; here is a quick shot I took of Me and Tyler Goff – our newly appointed Social Media Chair. You'll see Tyler's STUNNING 986 Boxster in future photos – it is a real beauty indeed and I hear it may have a little additional soundtrack courtesy of FVD Brumbacher instruments!

This edition of TR will have our official ballots for this years Executive Council voting. Please give you support and VOTE for Jim Hess (President), Michael Vittorio (Vice President), Sadie Kilcrease (Treasurer) and Alex Galloway (Secretary) – take the few minutes of your time to either vote "manually" via ballot provided in this edition or drop over to our Carolinas-pca.com website to vote "on-line". Show them your support!

The below two Leadership Positions have been "out there" for

many months. Please take the opportunity to reach out to us in regards to these.

**Upcoming Leadership Position VACANCIES** throughout the Carolinas Region:

**Newsletter Editor: AKA** – the one that publishes Tobacco Roads. We are currently looking for an enthusiastic person with an eye for detail, design, and publishing skills to be our new editor.

**Club Race Co Chair:** assists in the overall administrative coordination, planning, setup, and execution of the Region's Club Race.

For both above immediate vacancies, please reach out to either Me or Jim Hess (Vice President) to discuss further. We look forward to discussing with you as we further develop our Regions Leadership and "lean forward" to the future. Help the Carolinas Region by **GIVING BACK**...to your fellow members.

I ask that you look through the pages here and find **AT LEAST ONE** event to attend. We have the **BEST** roads around...the **BEST** people around...the **BEST FAMILY** around.

Here to serve You...and remember; **Get Out And Drive!!!**

Jerry Widner sends...  
Carolinas Region, President

Semper Fi!

# YOUR PORSCHE

A Familial 912

By Kip Kuttner

This 912 has a long history as a single owner car. My father passed away in 1966, 6 months after purchasing a T6 356 coupe. I was 11 and my sister 7. This 912 was purchased new in 1967 from Masterson Motors in Ventura, California when the T6 356 we were driving suffered a catastrophic failure. My mother went into the showroom and decided against a red on black 911 T because she did not like red. Instead, an Irish green 912 with light tan interior became part of the family. It was equipped with Fuchs 4 ½ inch alloy wheels, a wooden steering wheel, four speed transmission and lap belts. The Talbot mirror and a Blaupunkt Frankfurt radio were added later. The car was driven daily and is well traveled having accumulated 320,000 miles.

My mother joined the PCA in 1970. At the meeting she agreed to participate a time-trial event at the Riverside racetrack. Her mentor was Dale Hersch. In a field of 7 other cars (all 911s) she finished second... to last. But I thought she was pretty remarkable.

Later that year, my mother, sister and I piled into the 912 for a trip to Mexico and another trip to the grandparents. Those trips were mostly uneventful. However, there was a speeding ticket in Utah. The officer who stopped the car said the officer who clocked radioed ahead for another car to intercept us. We were clocked at 115 mph! The officer escorted us to the police office to pay the fine or risk being placed in jail. When asked why she was going so fast, my mother responded “well, I had a tail wind”.

Most kids interested in cars seem to start by working on American iron. I was very lucky. The 912 was my training ground. My father fixed everything and

with his passing filling that void was my responsibility. Dale Hersch who drove the number 19 speedster in Southern California, was my phone-a-friend. Starting in junior high school, I did general tune-ups... changing spark plugs, oil, points, setting the ignition timing and

valves clearances. In 1973 the family was in Colorado the odometer rolled over 100,000 miles and the engine was making “bad” noises. I was tasked to repair it. The engine was disassembled revealing broken piston rings responsible for the nasty noises. Heads, rods, cam, crank and block were sent away for measuring and machining. Standard Mahle biral cylinders and pistons were purchased. I did an adequate job; it went another 100,000 miles. However, I’d say this is a credit to the engine designers more than anything I did.

The 912 was driven in rain and snow since my mother would drive no other car. I continued to do routine maintenance as she continued to rack up the miles. Trips to Pueblo, Aspen, Colorado Springs, Boulder, Cheyanne were common. When I was unavailable to do maintenance, the car was a guest Rennenhaus on Broadway in Denver run by the late Grady Clay.

During the mid 80's, there were trips to Oklahoma and Kentucky before we moved to Torrance, California in 1987. Before reaching Torrance my mother and the 912 made a trip to Mexico. The return trip was harrowing for Margot. She was stopped by the Federales, guns drawn. They thought she might be smuggling drugs. Inspection found nothing but a frightened middle-aged woman. She was released to continue her journey.

In Torrance we lived down the street from the late Dwayne Spencer. It was also time for another engine rebuild. New standard Mahle biral pistons/cylinders were installed, heads rebuilt, rods machined, and all bearings replaced. The Solex carburetors were misbehaving as they tend to do after so many miles. A pair of brand-new split-shaft Solexes to complete the engine.

It is now 1994. Margot and the 912 are in Pennsylvania. The car continued to be driven by to collect gasoline for the mower, groceries, more plants and even pieces of furniture that would fit. I continued to maintain the car, but rarely drove it. The car continued to run well with the usual maintenance. Now in her late 60s Margot would share how this person or that would stop her and want to purchase the car. "How much do you want for it?" they would ask. "It is not for sale!" she would firmly reply. Occasionally, as she was driving a car would choose her as if wanting to race and she would brag about how she "shut them down". Funny about how I never heard about the losses.

In her late 70s Margot was driving in the sleepy town of Nazareth when a local constable wanted to talk with her. He was driving a Dodge Durango. Margot was used to "cop cars" and thought the car following her

had nefarious intent. At about 70 years old she did her best to get home. I got a call from a concerned constable who needed to be assured that my mother was not trying to out-run the law.

High milage started to take its toll. The generator died. An oil puddle due to a broken tang on the oil cooler was repaired. Front brake calipers started to bind. Rusty longitudinals and driver's floor pan replaced. Thus began the long relationship with Mark Burkit at Specialty Cars in Allentown, PA. Work prevented me from taking on many tasks that needed to be done for a car driven daily. Specialty Cars was able to keep my mother in the driver's seat. She drove the car up until 16 months before she died at age 89.

I thought a mechanical restoration would be fitting. I placed the car in the hands of Mark Burkit at Specialty Cars; a person having the time, tools and talent to give the engine and drivetrain the attention it needed. The engine was completely measured and blue printed. The original Solex carburetors and the distributor rebuilt. The transmission was evaluated and worn parts replaced. CV joints were greased, rear sway bars replaced, gas tank replaced with an original tank. The master cylinder replaced, all four calipers rebuilt by PMO, Bilstein shocks on all four corners and turbo tie-rod ends installed. The original Fuchs wheels were removed and stored in favor of 15x6 Fuchs wheels. The front seats, dash and the driver's arm rest were re-covered to make the car more comfortable to drive. Mechanically the car is new. I am driving the car as often as possible and aspire to try my hand at autocross with it. I love the light handling, engine sounds, and watching the classic analog gauges. If it were possible, I am sure Margot would drive the little Irish green 912 another 300,000 miles.

No Job is  
Too Small!

# Tobacco Roads

There's an APP for that by Robert Rainer

So in the midst of the pandemic, I discovered this app by Porsche called Roads. Originally released in 2019, it has gone through several iterations. The app uses Artificial Intelligence to generate routes, and it allows users to share navigation of routes they have driven. It also lets you plan a route based on your current location or if you like, between multiple destinations. The app suffered from a poor interface for many years, and it had a huge lull in development. Recently it managed a bit of a comeback and this article will show you how to use it. The app does cover the world, so it's a good companion when you are traveling. Since it is on your phone, you don't need your Porsche to use it.

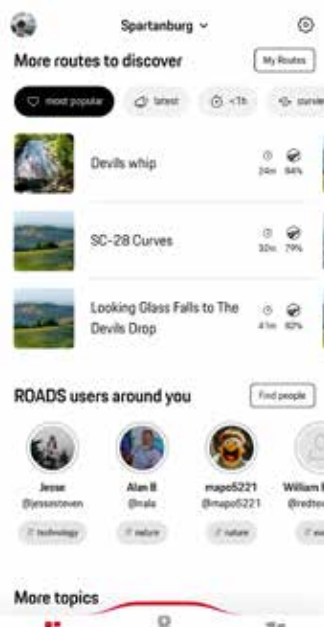

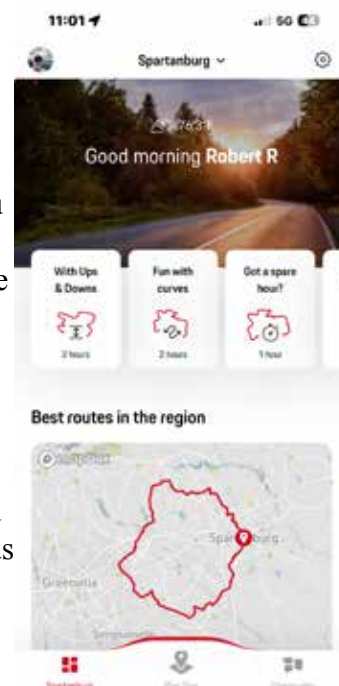

First question is what platform does the app work on. I know it works on the iPhone, but after some research a release for android phones is available on the Google Play store. However, the really big question is what's in it for me, and in a nut shell, this app will help you find some great

drives in your area. It will allow you to generate some drives, and if you like it, you can share with others. We have some great drives in our area, and luckily, there are a good many drive and dines, road trips and other outings that the Carolinas Region of PCA put on for us to enjoy. My hope is that people in the club will use this app as a means of sharing.

If you love to drive the back roads like I do, this app is for you. First off you will need to log in. There are several ways to do this, the usually suspects like Facebook, Google and Apple, but I chose to create a Porsche ID. So far in the past 5 years or so, no emails from Porsche. Once logged in, you can choose your profile of preferred driving conditions. You can choose: ups and downs, fun with curves, got an

hour, or speed. The app will suggest a weekly tour based on your home location, and you can set the duration. This seems to be a nice feature if you just want to get out one afternoon and go on some roads you may not have known about.

If you scroll down, you will see More routes to discover. These are rated routes by the community as a whole. It will give you a percentage of people who liked the drive, and the approximate time and average speed to complete the route. Clicking on one of the routes, will open up a page that gives a description by the submitting author, A details section that shows a map, some route properties, and comments from folks in the community. You can click drive this route now, and a navigation app. It will give you turn by turn from where you are currently, total time to drive the route, and the estimated time of your arrival. There are also icons for scenic stops and colors indicating traffic conditions.

Perhaps the coolest thing about this app, and why I chose to highlight it is the Pre-flight feature. Clicking on this will open up one of the better 3D mapping packages I have seen, and it will allow you to get a preview of the road you will driving. The elevation changes and ability to zoom into the drive are done well.

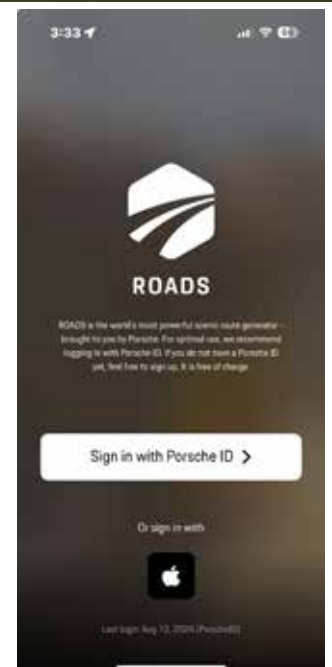

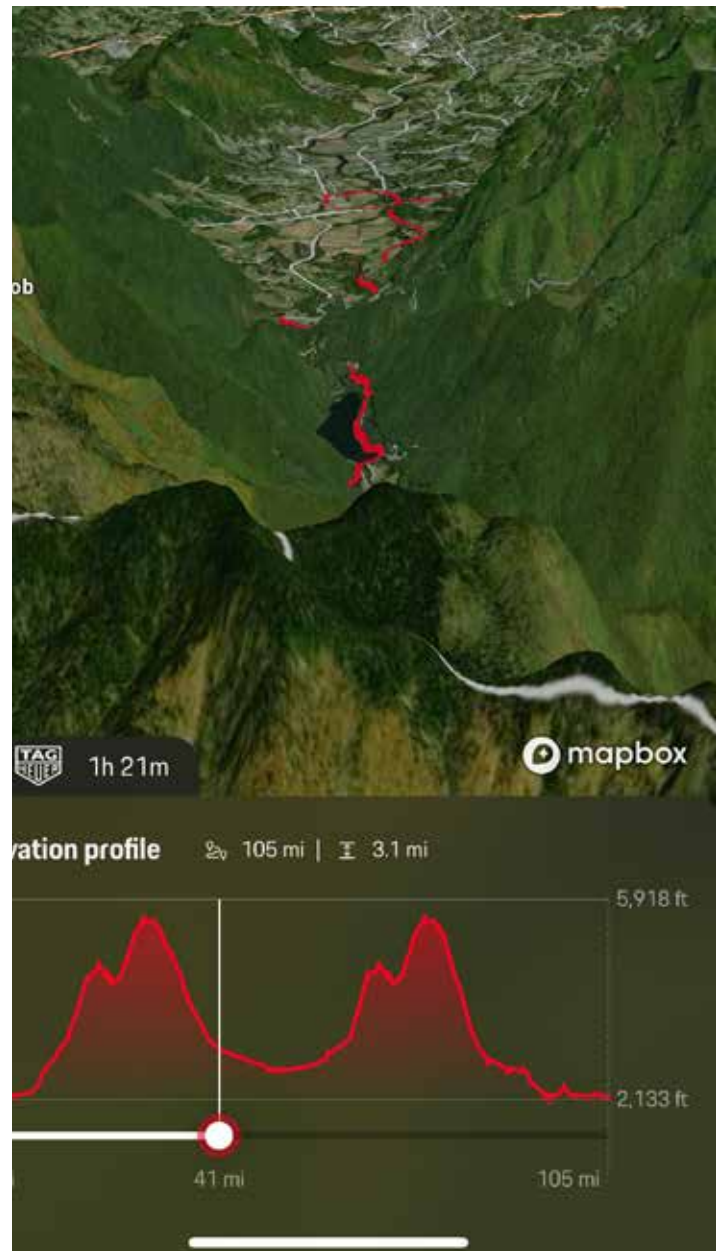

You will get a relative view of the mountains and valleys you will be going through. I like this, because I know in our area, elevation changes are a thing of beauty and fun while driving a Porsche, so I look out for them.

The app is free, it is supported and released by Porsche. They use algorithms to generate the best route between two waypoints or destinations based on the actual characteristics and environments of the roads. The algorithm is fine-tuned by the ROADS community and professional drivers for Porsche. The app was created by Marco Brinkmann from Porsche AG and his goal is to build the world's best catalogue of epic routes out there.

One thing you can do is plan a tour. I have a drive I call the figure 8 that runs up the mountain, does a small portion of the Blue Ridge parkway, runs down the backside of the mountain and then goes back and does it again, but on different roads. I tried to generate this in the App. It was relatively easy, but I did need to use a mapping program to find the right towns to traverse by setting these as destinations in the Roads App and placing them in the right order. Setting the beginning and end as the starting and end point was a bit cumbersome, but with some patience, I was able to do it. You can move stops around, and fine tune things. Once you hit the generate route button, you will see the app do its thing, Bottom line is it worked, it gave me what I wanted.

The app also generated some text that described the route and what I was going to see. I was able to hit the download button and save the route to my routes. You can also publish your route as I have done. I called this route Figure 8 along the blue ridge. I have not quite discovered how to search in the app yet. So yea there is more work to do.

Is this App perfect? NO! It is somewhat cumbersome, but it does have some nice features, and if you are visiting a new area and it looks like there are some good drives, then check this App out. If you want an afternoon or morning drive or as Roads says "Got a spare hour?" Check out the App. I did create a discussion group called Carolinas-PCA and linked a few Western NC Routes, pop in if you sign up for the app and say hello. Lets get some cool drives on this App.

## The Club Ferdinand – Hickory Porsche –Crown Point “Change of the Leaves” Concours and Benefit

On Sunday October 19, 2008 the “Change of the Leaves” Concours and Benefit for the Ashe County Habitat for Humanity took place at Crown Point, in the mountains of West Jefferson (Boone), NC. The backdrop of the mountains at 4600 feet in elevation with the changing

of the leaves in their glory and display of colors where extremely powerful. There was not a cloud in the sky and the temperatures were in the mid 60's. No doubt a day ordered for the PCA.

Over 100 people attended the event. The food was magnificent, the desserts where decadent, the blue grass band was awesome, the hay rides where fun, the ball roll, golf chip, and golf cart races where as challenging as ever and the smore's and warm fire were just what the doctor ordered. Everyone also enjoyed viewing many pieces of art from the local Ashe County artists and galleries.

Bob and Cam Ingram where kind enough to bring up

three of their vintage speedsters from their wonderful collection. And Hickory Porsche was also kind enough to display three cars from the all new Porsche Model line. PCA members where successful raising thousands of

dollars for the Ashe County Habitat for Humanity. Hickory Porsche was kind enough to donate and a dozen raffle prizes of which the grand prize was a \$300 pair of Porsche Sunglasses. Hickory Porsche, Club Ferdinand and Crown Point where all kind enough to make sizable cash donations to Ashe County Habitat for Humanity.

We would just like to take this opportunity to thank Club Ferdinand and Crown Point for sponsoring the four summer events that lead up to this final fall event. So many PCA members enjoyed the wonderful mountain cruise from the Mast Farm Inn lead by Club Ferdinand to Crown Point for lunch and games.

And finally, we would like to thank The All New Hickory Porsche, Club Ferdinand and Crown Point for putting together this final “Change of the Leaves” Fall Concours and Benefit.

The event was in line with Club Ferdinand's quality reputation for their club's fine stable of cars we all have the opportunity to drive and their wonderful and eloquent Mast Farm Inn; Hickory Porsche's fine reputation for excelling and setting the new standards at their dealership in customer service; and Crown Points beautiful and first class community with dramatic views unmatched by any other development. All three groups certainly exemplify what it means to give back to our community and the PCA.

See everyone next year.

Ken Stabler, Club Ferdinand  
Scott Roberts, Crown Point

Facebook page and in the digital Tobacco Roads.  
Thank You all for your Support!  
Sincerely,  
Doug Strait - Metrolina Area Director

## **FALL IS COMING with Lots of Fun and Colors in the future.....**

Our August 21 meeting was jamming with 38  
members and 2 new members joining us for  
dinner and socializing. The big screen was  
showing highlights of the 2023 Club Race at CMP  
along with some recent events like Fall Tour 2023  
and some other fall drives generating interest for  
our upcoming events.

## **MEETING HIGHLIGHTS...**

Our 50/50 Split the Pot winner this month was  
a new member, Dave & Maria Mull, who won  
\$190 and generously donated it back to the pot,  
benefitting our 2<sup>nd</sup> Harvest Food Bank Fund.  
Many Thanks!!" for your generosity.. Linda  
Funderud won a nice Porsche coffee mug and  
Iris Burnett won a Porsche ball cap, and Claude  
Simms took home a cool Perrelli hat.  
Congrats to all!

Following breakfast, we conducted the usual “business” portion of our monthly meeting along with a short driver’s meeting conducted by tour organizer and co-Area Director, Michael Moran.

Co-Area Director, Michael Moran

The group of 15 cars departed promptly at 10:00 AM for a very scenic drive through rural Caldwell and Burke Counties on our way to Newland, NC.

Great roads, great weather

We stopped for lunch at Mountain Boomers Restaurant just off Highway 181. By the way, a Boomer is a species of red squirrel typically found in coniferous forests like those in western NC.

Mountain Boomers

**LIPS (Ladies in Porsches): August 6.** Eight ladies met for lunch at Da Vinci’s Italian Restaurant in Hickory. No real agenda – just time to visit. However, it was reported that much of the conversation focused on what individual owners have named their Porsches. Always a fun time for the ladies.

**Monthly Membership Meeting/Drive and Dine: August 10.** We generally meet on the second Tuesday of each month for dinner at a local restaurant. However, we have traditionally set aside a couple of Saturdays each year for a breakfast meeting followed by a Drive and Dine. Such was the case in August.

Our host, Porsche Hickory

Twenty-nine members and friends gathered on Saturday morning at Porsche Hickory where we enjoyed a wonderful “full” (eggs, bacon, sausage, fruit, biscuits, etc.) breakfast compliments of the dealership.

Great breakfast buffet

This was our first visit to Boomers where they serve pork barbecue, brisket and a variety of fixins' all in a spacious and cozy setting. Good food and a great place to hang out with fellow Porschephiles.

*Lunch at Boomers*

After lunch, most of us again hit the road, this time to nearby Linville Falls Winery. Plenty of parking and seating was available along with live music and a food truck. And, of course, the wine was quite good. After an hour or two of socializing and enjoying the beautiful mountain weather, folks began to make their own way home. All in all, a great way to spend a late summer day in the mountains.

*'Nuff said*

Thanks to the efforts of Ann and Jim Lucier, additional photos can be seen here:

[Additional Photos: 8/10 D&D](#)

### Next Month

**LIPS (Ladies in Porsches)** - no meeting in September due to conflict with Labor Day

**Monthly Meeting - Tuesday, September 10, 6:30 PM at Duke's Restaurant and Wine Bar**, 335 Main Ave SW, Hickory, NC. *Registration required.*

**Drive and Dine - Saturday, September 12, 8:45 at Porsche Hickory**, 1205 Center Street, Hickory, NC. Drive to Little Switzerland Inn for lunch followed by a stop at a local winery. *Registration required.*

Triad Area PCA held its monthly meeting at Porsche Greensboro, located in Greensboro on Tuesday, August 20<sup>th</sup>. We want to thank Porsche Greensboro and their representatives Matt Davis, Calvin and Justin for providing a delicious dinner from Country BBQ and door prizes. 75 PCA members attended and enjoyed BBQ pork, BBQ chicken, macaroni and cheese, green beans, coleslaw, hush puppies and peach cobbler. No BBQ dinner would be complete without southern sweet tea.

*Country BBQ Catered Dinner*

Matt welcomed everyone and elaborated on the Macan EV slated for release sometime in October. Calvin spoke briefly about upcoming Speed Social on Sep 8<sup>th</sup> at Car Caves in Greensboro. Justin also spoke about a Porsche Greensboro monthly email that he writes and offered to add members if they are not already receiving the monthly email. You can email him at [jcothren@foreigncarsitalia.com](mailto:jcothren@foreigncarsitalia.com) if you'd like him to add your email address and receive the monthly email.

Matt Davis welcoming everyone to Porsche Greensboro  
Robert Simpson converted from the PCA Test Drive Program and was welcomed as new PCA member.

Sadie Kilcrease and Sarah Teague both celebrated birthdays in the month of August. Jerry Kilcrease and I led the members in serenading the birthday girls with "Happy Birthday".

After announcements and discussions related to PCA activities,

Nine lucky ticket holders for door prizes were awarded. Multiple door prizes of Porsche lapel pins, Porsche water bottles, Porsche coffee cups, a carry tote, pack of microfiber towels, and a \$100 gift certificate to Porsche Greensboro were given away.

The lucky 50/50 charity split the pot winner was Charles Rupert, who graciously donated his winning of \$255 directly to American Children's Home charity.

*Door Prize Winners and 50/50 Pot Winner*

After the door prize and 50/50 drawings, the meeting was adjourned.

### PAST TRIAD AREA EVENTS:

#### **Saturday, July 27<sup>th</sup> – Lunch and Laps @ VIR:**

Racing for Heroes charity benefit. Beautiful day to drive up as a group and experience VIR's 3.27 mile course and eat a catered lunch at the Barn at VIR. We had 26 cars registered and raised over \$675 for our charity Racing for Heroes.

*Meetup @ Porsche Greensboro*

*Driver's Meeting @ VIR*

*Queued to go on track*

*Running the "S's"*

*Catered Lunch @ VIR Barn*

#### **Saturday, August 24<sup>th</sup> – 26<sup>th</sup> Annual Car Show at American Children's Home:**

The Triad Area PCA held a Porsche Corral event to benefit the American Children's Home located in

Lexington, NC. The weather was beautiful and not overly hot for a day late in August. All who came out, enjoyed cars and socializing throughout the day. We had 18 cars attend. Spectators voted on their favorite and 3 People's Choice awards were selected. 2<sup>nd</sup> and 3<sup>rd</sup> place came down to a coin toss since both cars had received the same number of votes.

1 <sup>st</sup>	T J Gottwalt	2024 GT4 RS
2 <sup>nd</sup>	Mark Miller	1986 911
3 <sup>rd</sup>	Jerry Kilcrease	1964 356

*Porsche Corral @ American Children's Home*

Triad Area members generously donated throughout the year from participating in 50/50 drawings and this Porsche Corral event to give to the American Children's Home. I had the great pleasure to be able to present a check for \$2,800 to the American Children's Home President & Chief Executive Officer, Kathy Berrier.

*Alan Teague Presenting Donation Check to American Children's Home President & Chief Executive Officer, Kathy Berrier*

We also want to especially thank Porsche Greensboro for donating \$750 to the American Children's Home and bringing a 2024 Dakar and 2024 GT4RS for spectators to admire.

## UPCOMING TRIAD AREA EVENTS:

### **Tuesday, Sep 10<sup>th</sup> – Triad Area Monthly Meeting:**

Our next monthly meeting will be on the second Tuesday, Sep 10<sup>th</sup> at 6:00pm at Logan's Roadhouse at 1300 Bridford Parkway, Greensboro. This different date within the month will allow us to have more room at the restaurant for our group to meet. After dinner we will hold short meeting starting around 7:00pm. We will have door prizes, and 50/50 charity split the pot tickets available.

**Thank you for supporting the Triad Area Porsche Club of America.**

Please reach out to me if you have any questions or comments.

Get out and drive your Porsche...!

Alan Teague  
Triad Area Director

## Triangle Area

[Triangle-AD@carolinas-pca.org](mailto:Triangle-AD@carolinas-pca.org)

**By Vic Friedman**  
Area Director

The Triangle Area second annual Members Appreciation Day was held on a beautiful sunny day at Maple View Farm Ice Cream in Hillsborough. From 11 to 12 noon Maple View Farm Ice cream was open just for Triangle Area Members.

It's Private

Over 70 members with families in tow enjoyed delicious free ice cream courtesy of the Triangle Area. It's our way of showing our appreciation for members' involvement in all our activities.

Bill and Susan Morrison's Wheels

Ice cream for everyone

Families welcome

Just a portion of the lineup  
Photo by Kevin Dilio

Of course, this wasn't just about the cars or the ice cream; it was about connecting with new and old friends. The crowd lingered well past the noon closing time of our private event.

Several members also took this opportunity to donate to our fundraising for the Make-A-Wish Foundation of Eastern North Carolina. We collected \$70; thank you all for your generosity. Here is where we stand on our fundraiser.

### **August Monthly Dinner Meeting**

Another successful dinner meeting at the Carolina Ale House. The weather, the food and the service were perfect. We promoted the Carolinas Region Fall Tour and encouraged members to sign up as soon as possible.

The Crowd

Winners of the 50/50 raffle were Brad and Sharon Clark. Congratulations!

Susan Clark

Many thanks to Jim and Karen Gibson for their generous gift of a remote controlled Taycan Turbo S model for the October silent auction.

Jim and Karen Gibson

Official Porsche 1:20 scale, Taycan Turbo S, remote control, with USB C charging station. New. List price: \$100. Starting bid: \$50.

### Triangle Area Upcoming Events

**August 31**, Meet and ride the New Hope Valley Railway in Bonsal. For details and registration click here <https://forms.gle/gqDFPtqsyqzydy2d8>

**October 12**, Carbs and carburetors, Shine and Show at Leland Little Auction House in Hillsborough. Free coffee, donuts and a prize for the director's choice. <https://forms.gle/CfH7rUYnZrFTuMyq6>

**October 19**, Drive the Devil's Tramping ground. Information and registration click here: <https://forms.gle/hY6C25w4EF9VbeTQ6>

## Sandhills Area

[sandhills-ad@carolinas-pca.com](mailto:sandhills-ad@carolinas-pca.com)

**By Marty Barrett**  
Area Director

Highlight events in August for Sandhills members both occurred on Saturday, August 17. We had our first C&C in Seven Lakes at Delucia's Bakery. Dena Delucia is a recently retired U.S.Army Officer

whose hobby and passion is baking. She opened this bakery about eight months ago. We had twenty-five cars and thirty PCA members attend. Really good baked goodies and coffee!

Then, eleven cars headed for Raleigh. We were invited to Carolina Exotic Car Club. Not sure what we expected, but it certainly exceeded anything imaginable! A large, beautifully decorated building displaying about forty cars, airplanes and motorcycles. Six terrific Porsches and exotics of several other marques.

A lovely private dining room for members looks down on the vehicle display. We were invited to have lunch in the pub/bar that is also beautifully decorated. Behind the car display are private garages for members...about fifty garages. Many of the garages can accommodate three cars, and a few had lofts with offices or man cave facilities.

Then they took us to their retail showroom about a mile away. Probably seventy or eighty high end exotic cars there...most are for sale, some being stored for members. Again, a first class facility. Our thanks to CECC owner, members and staff for a memorable visit!

Looking forward to getting back to CMP and VIR in coming months!

Marty

## Upcoming events:

The Upstate Area also has several members attending the PCA Fall Treffen in the Mountains of New Hampshire; Sunday September 29, to Thursday October 03, 2024 at the Mount Washington Resort. This should be a beautiful time during the peak fall foliage explosion of color, some of the best driving roads in the Northeast, savoring fine food and enjoying the elegance of the host 4-diamond resort, the Omni Mount Washington Resort in Bretton Woods, New Hampshire. I also expect some great trip reports from this Treffen!

Carolinas Region PCA Fall DE Event at CMP. Dates: September- 07 – 08, 2024. See [Clubregistration.net](http://Clubregistration.net) for all details.

Upstate Area Summer/Fall Social: Sunday October 13 at [Point Lookout Vineyards](#). Registration information will be sent out shortly. Mark your calendars now to save the date.

Upstate Area Holiday Party & Charity Raffle/Auction! It is confirmed that Thunder Bunny Racing will be hosting this event at their facility. The date is set for Friday evening, December 6<sup>th</sup>. If you are willing to help with the logistics and food planning, please drop me a note. I need all the help I can get these days!

Hello Carolinas Region PCA members. August's Upstate Area meeting was held at our usual venue of Quaker Steak & Lube in Greenville. The weather was a great, and this brought out many members to our "Meet & Greet" or to grab a bite to eat while socializing. We had approximately 50 members and 23 Cars in attendance;

*Upstate Area Meet & Greet 08-2024*

*Upstate Area Meet & Greet 08-2024*

The monthly meeting ended with our Charity Raffle. This month we had a \$25 gift card from Amazon, and the usual 50% of the pot! The pot totaled \$380. The lucky 50/50 split was won by Edna Carol K. Congratulations!

After the meeting ended, member Gary W. held an impromptu Tech Session in the Parking Area on "How to Install Your Donut Spare" on a 996 Targa:

## Past Events

The Upstate Area had 10+ members who attended the PCA Treffen at Sea: Alaska Cruise: July 28<sup>th</sup> through August 4<sup>th</sup>. I was expecting some great trip reports during our August meeting.... Yet only one member who went on this Treffen at Sea was in attendance – myself. From my view it was a great cruise, and I had a wonderful time. I especially enjoyed some of the PCA and Porsche AG guest speakers that gave various presentations throughout the cruise. I'm going to hold out for other members to give their impressions of this Treffen at Sea, so expect to hear more about this in next month's update.

Waterman restaurant which was perfect for the weather. Since there was no specific agenda, everybody had a great time talking, meeting new and familiar faces. Of course, the group had to endure yours truly's area updates but it was kept under two hours this time...

The tour of Chip Perry's 356 collection in Blowing Rock is now set for September 28<sup>th</sup> – please watch out for the announcement to sign up on clubregistration.net. We also set November 8<sup>th</sup> as the date for another tour of the Hendrick Heritage Collection with lunch in Concord – again there will be a sign up on clubregistration.net.

Our always popular raffle generated \$410 for our charity, Children's Home Alliance in Troutman. Thank you for your generosity, the kids will appreciate it! The raffle winner was – drumrolls please – yours truly – a full detail (thank you John with LKN Auto Exchange) and a Porsche duffle bag! Thank you, Maureen, for drawing the right, winning ticket... □

Our next meeting will be on September 10<sup>th</sup> at The Waterman restaurant, at 6 pm. See you then!

Seems Gary hit some invisible road hazard on the way to the meeting and bent the left-rear rim just enough to break the bead, and produce a nice flat tire. He heard and felt the hit, yet never saw what it was.... Ouch!

The Tech Session was attended by several assistants and a slew of onlookers. There was some varying discussion regarding where to mount the donut spare? With the recommendation being to place the compact spare in the front and to move a front wheel/tire to the rear position. We will leave this question up to Gary for next month, and have him report if he made it home that night?

Take Care & Drive Safe,

Jeff Price  
Director-Upstate Area

Our monthly meeting in August was held at The Waterman restaurant in Cornelius, now our new "home" since the beginning of 2024. The staff always does a great job ensuring that food and beverages arrive in a timely fashion...

We were again blessed with excellent weather for our August meeting, the temps were very tolerable for this time of the year. We had about 35 PCA members and friends enjoying each other's company in the Porsche corral that was set up as usual by the Waterman staff.

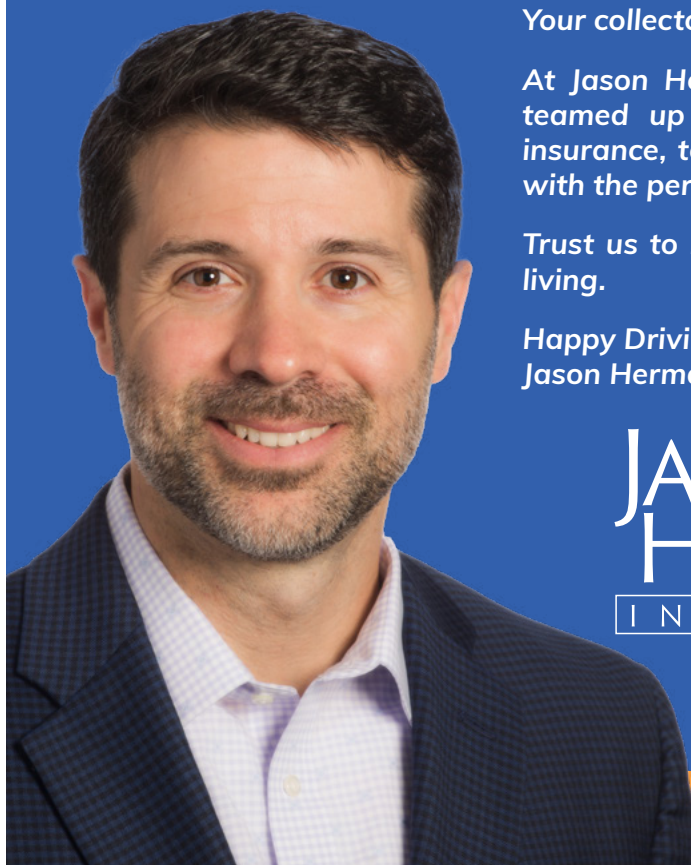

The meeting was conducted on the patio of the
