## WELCOME TO GENOA

Sunday, 19 August 2018

*"You will see a regal town, placed against a hill, proud for its men and walls whose features make it the lady of the sea"*

Francesco Petrarca 1358

### Nautical information

Around 1:00 in the morning we will be near the cities of Nice and Monte Carlo, visible in the distance. Around 2:30 we will cross the border, entering the Italian territory, where we can admire the lights of the cities of San Remo, Imperia and Savona on the portside of the ship, at this point we will follow our navigation towards the Ligurian Riviera and the port of Genoa. At around 5:30 we will be at the entrance of the port of Genoa, followed by the mooring operations into the "Ponte dei Mille" passenger's terminal.

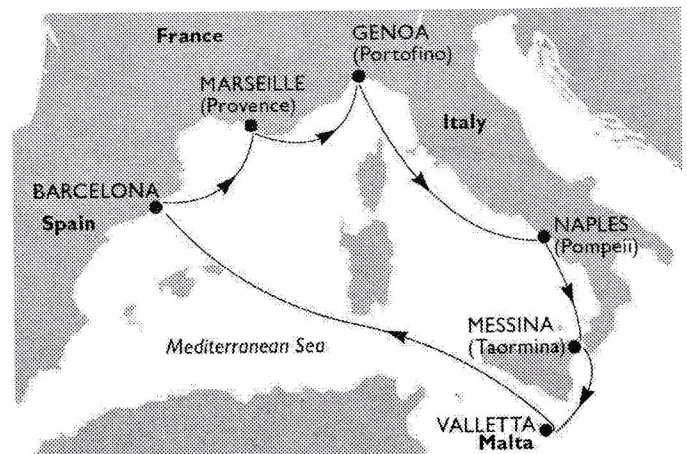

During the operations of manoeuvring, it will be possible to admire the famous "Lighthouse of Genova". It is the highest lighthouse in the Mediterranean, and the second highest in Europe, with the height of 77 meters and a beam range of 25 nautical miles.

### Getting off the ship

Please remember to show your Cruise Card at the gangway exit.

If you have booked an excursion, be on time at your meeting point for a smooth disembarkation.

Distance from Genoa to Naples: 348 nautical miles.

# DISCOVER GENOA!

Welcome to Genoa, the Magnificent!

Known by this name in antiquity, at the height of its power, this Mediterranean port will amaze you with its eclecticism. The sea is the protagonist of this city, a series of ups and downs through medieval alleys lined with elegant buildings from the 17th and 18th centuries that today house museums and art galleries.

Genoa has been influenced by multiculturalism but it is still firmly rooted to its traditions. It is renowned for its cuisine, a mix of tastes and flavors of the region from vegetables to fish, that wins over even the most demanding palates.

- Take in the magnificent Cathedral of San Lorenzo, consecrated by Pope Gelasius II in 1118 and completed around the 14th century.

- Visit the historical Doge's Palace, headquarters of the ancient Maritime Republic.

- The Aquarium on the waterfront resembles a gigantic ocean-liner: 70 tanks filled with live sea creatures from all of the main habitats around the globe.

## Interesting fact about Genoa

Pesto sauce is one of the most famous creations of Genovese cuisine, made by pounding together copious amounts of fresh basil, pine nuts, sea salt, Ligurian extra-virgin olive oil and grated Parmesan or pecorino cheese. Although increasingly popular worldwide, you'll realise you've never truly tasted pesto until you experience it as it is made in Genoa with fresh local ingredients.

Come and discover more about Genoa at the Excursion Desk, decks 6 and 8.
