#### Headliner Showtime starring BeatleManiacs

From the cavern to the Rooftops is undoubtedly the most genuine live recapturing of the music of The Beatles. The complete show is an internationally acclaimed theatrically staged concert recreating The Beatles musical journey from 1962 to 1970. This live extravaganza takes the audience through some of the most exciting, hand-clapping, jewelry-jangling Beatles songs while remembering to take time to pull on the audiences emotions with such classics as "Let it Be" and "Yesterday".

9:30 pm, *Royal Theatre, Decks 4 & 5*

We kindly ask that guests are seated approximately 10 minutes before showtime and refrain from saving seats. Children must be accompanied by a parent or guardian. Please refrain from using your cell phone and/or two-way radios during tonights performance.

Assistive Listening System available at Guest Services, Deck 4.

#### The Silk Road

The incredibly rich and diverse cultures, styles, tastes, designs, and visuals that are synonymous with the famous trade routes of the ancient Silk Road, have been combined and integrated with world-class, state-of-the-art entertainment technology (including 12k video resolution and 36-axis robotics) to create one of the most unique live-productions in the world! The highly advanced technology (developed and created by Royal Caribbean International) that is found in our famous Two70 theatrical venue, will now be pushed to its maximum limits, as we once again redefine the boundaries of what is possible in the creative arts. Touching on the cultures, colors, music, and dance styles of China, Persia, India and Rome, the entertainment extravaganza that is The Silk Road™, will deliver a unique and completely original experience to our guests. No matter where our guests have experienced entertainment around the world, The Silk Road™ is an advanced media production, the likes of which has never been seen before. Get ready for a totally unique experience.
