

# Langkawi, Malaysia

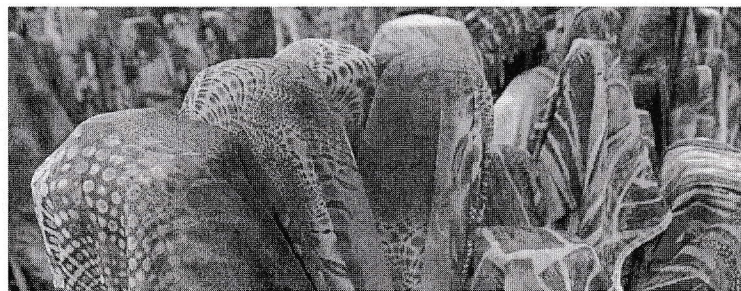

SHORE EXCURSIONS  
EXTRAORDINARY EXPERIENCES

Once a haven for plundering pirates, today this archipelago presents a far more peaceful oasis.

If you were to count the islands in the Langkawi archipelago, they'd number 99 at high tide and somewhere around 104 at low tide. This is one of the world's truly unique places, a wonderfully underdeveloped paradise filled with remote white beaches, emerald green waters, towering mountains, tropical waterfalls, and some of the oldest surviving rainforest on earth. Even Pulau Langkawi, the largest island in the chain, adds up to barely 300 square miles and beyond its charming local towns and fishing villages, you'll only find a smattering of international resorts. What really lives in Langkawi is the allure of the islands - beaches that are postcard perfect and tropical days that seem a million miles from just about anywhere.

## Shopping

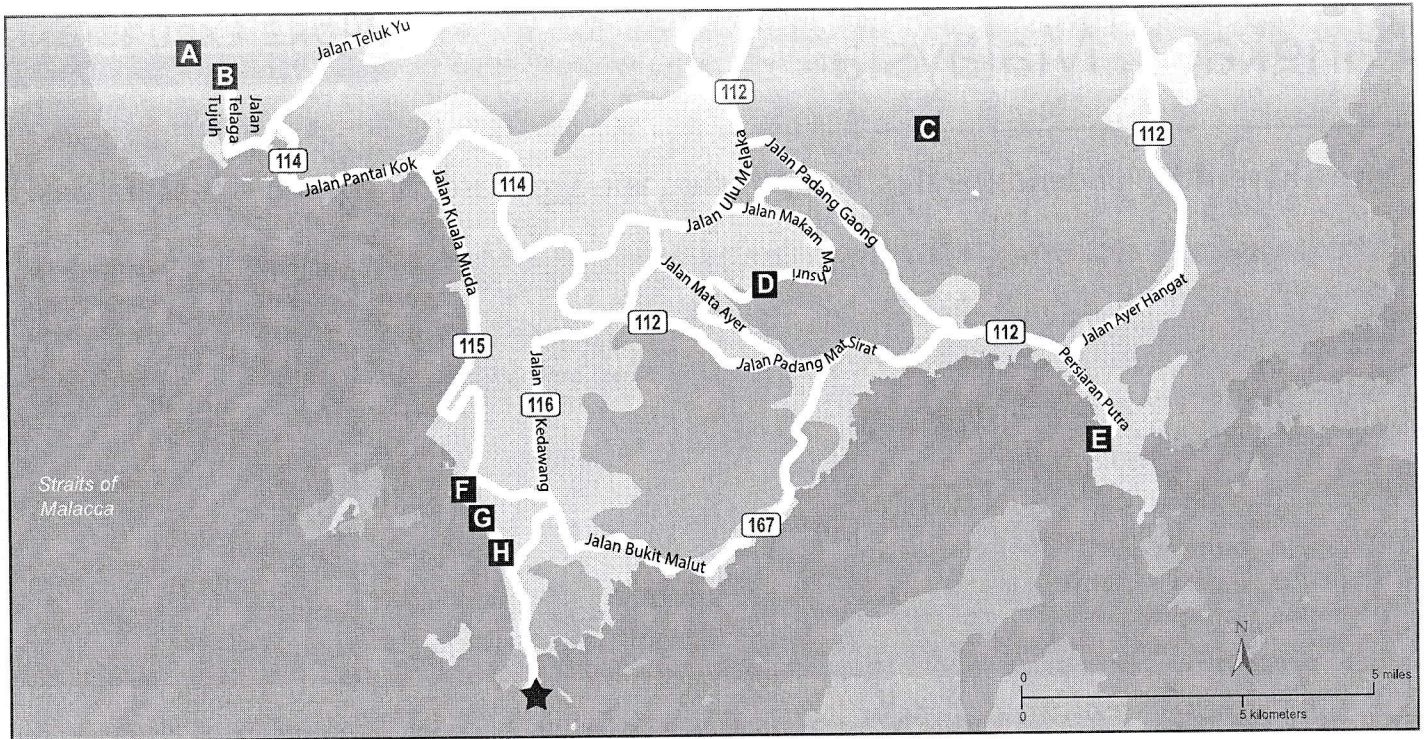

Explore the island's many duty-free shops, offering perfumes, jewelry, spirits and other tax-free bargains. Or, for a livelier experience, head to Langkawi's bustling night market, where you can pick up native "batik" prints and other souvenirs.

**Currency**  
Ringgit

**Tipping in general:** Tipping is not customary in Malaysia, however, in most restaurants and other places a nice gesture won't be refused.

**Tipping your tour guide:** Tour guides in Malaysia often depend on tips and will greatly appreciate your generosity.

## Top Shore Excursions

### Beach Day at Wet Rice Island

Relax on luxurious white-sand beaches and swim in crystal-clear water on a tropical paradise getaway to Wet Rice Island. The challenges are enticing: swim, tan, sunbathe, and maybe dive into a book. Or, join us for a cruise around the island—there are 99 islands scattered around Langkawi. While you're busy having fun, we'll prepare your BBQ lunch.

### Langkawi Highlights

Visit the Rice Garden, where visitors can view all aspects of rice cultivation, the oldest industry in Malaysia. Enjoy a breathtaking and panoramic view of the many islands scattered around Langkawi in a cable car. Finish the day with a visit to a handicraft studio and shop for local handmade batik and artwork.

### Handicraft Complex and Underwater World

Admire and purchase colorful local craftwork; then, visit an impressive marine facility highlighting a vibrant underwater world. First, explore Langkawi's Cultural Craft Complex's intriguing wares. Snap a photo at Eagle's Square. Next, head to Underwater World to view over 5,000 tropical fish, as well as sharks, stingrays, turtles, and penguins in over 100 special tanks and enclosures.

**Please visit the Shore Excursions Desk to reserve these and other exciting experiences.**
