FAQs by Parents of 9th - 12th Graders

1. **How do I help my child to choose the right career option after school?**
   a. Identifying the Aptitude, Personality and Interest (API) of the child is the key. His/Her comfort in particular subjects at grade 9 and 10 level and further at grade 11 & 12 level shall help us understand his/her aptitude. Observing the child while being engaged in different activities will give us an insight about his/her personality. Activities which really interest him/her will show us his/her interest area. By aligning these three aspects, we can help him/her choose the right stream. You can also take help from Our Expert Career Counsellor.

2. **What are different Career options after 10th?**
   a. In Indian education system, there are only 4 streams available after 10th. The child can choose to take Science A-Group(Physics, Chemistry, Mathematics), Science B-Group (Physics, Chemistry, Biology), Commerce Group (Accounts, Statistics, Economics, Business studies) or Arts/Humanities Group (History, Geography, Psychology, Political Science).

3. **What are the different career options available after 12th?**
   a. For Pure Stream Degrees in Science A-Group, refer Page 6-7 of this booklet.
   b. For Pure Stream Degrees in Science B-Group, refer Page 8-9 of this booklet.
   c. For Pure Stream Degrees in Commerce Group, refer Page 10-11 of this booklet.
   d. For Pure Stream Degrees in Arts/Humanities Group, refer Page 12-13 of this booklet.
   e. For General Degrees open to any stream of 11th/12th, refer Page 5 of this booklet.

4. **My Child is not good at maths, will a lot of streams get closed for him if he leaves Maths after 10th?**
   a. No, for all the general degrees open to any stream, no mathematics is required in grade 11/12. Also he/she shall not be at loss in any general stream.

5. **My child wants to take a particular stream after 10th/12th because all his friends are going in that stream. What should I do?**
   a. **Meet our expert to get API / DMIT testing done which will help in bain mapping of the child to choose the right stream.**

6. **We want our child to join family business. Which course is most suitable for him/her?**
   a. The course which he/she has the best interest in is the most suitable course. Pushing the child in a degree programme matching your family business may not be the right thing to do. Rather give him/her a course of his/her interest which will make the child smart. Subsequently, he/she will be in a position to take your business forward.

7. **My Child has a very wavering mind. He/she comes up with a different choice every now and then. What should I do?**
   a. **Meet our expert to get API / DMIT testing done which will help in bain mapping of the child to choose the right stream.**
