# About

MAMAGREEN furniture is designed for a luxurious casual lifestyle, where mind and body relax. Constantly evolving collections are developed to highly exacting standards, for maximum comfort and performance.

MAMAGREEN furniture is manufactured using a majority recycled or recyclable materials. More than 90% of the teak is carefully sourced from abandoned buildings, with the remainder coming from strictly managed plantations. Selecting MAMAGREEN is making a conscious choice for style combined with durability.

Product concept, quality management, production process and materials selection all have the same goal: creating contemporary outdoor furniture, made to last in any outdoor environment.

# Key Facts

## Founded in 2007

### Organization

Mamagreen LLC - showroom in Chicago & warehouse in Richmond, Va.  
Mamagreen Pacific PT - factory in Semarang (Indonesia)  
Ownership: Belgian / German / American / Swiss  
Employees: 400

### Market

High end residential | Luxury hospitality & commercial | Designers, architects & developers  
Specialized Retail | Specialized E-Commerce | Hybrid Profile

### 100% Outdoor Design

### Hospitality | Commercial | Residential

Mamagreen offers options for lounge, dining, pool, shade, bar, balcony and more  
Various styles and materials, suitable for any outdoor space

### Custom Made Easy

Mamagreen is organized to offer customization fast and without errors

# 100% commitment

no excuses, only results

## Committed to Quality

Unlike most other brands in the outdoor industry, Mamagreen has its own manufacturing facilities in Java, Indonesia. All furniture pieces are in-house produced by our 400 employees; customer service, design, development, and A-Z production teams work together under one roof.

## Committed to Delivery

Streamlining and prioritizing quality and in-time performance, independent from outsourcing, is the core of Mamagreen's organization. Customer service and production planning teams get together and schedule each step, in detail, to ensure we deliver the orders accurately, as specified and in-time.

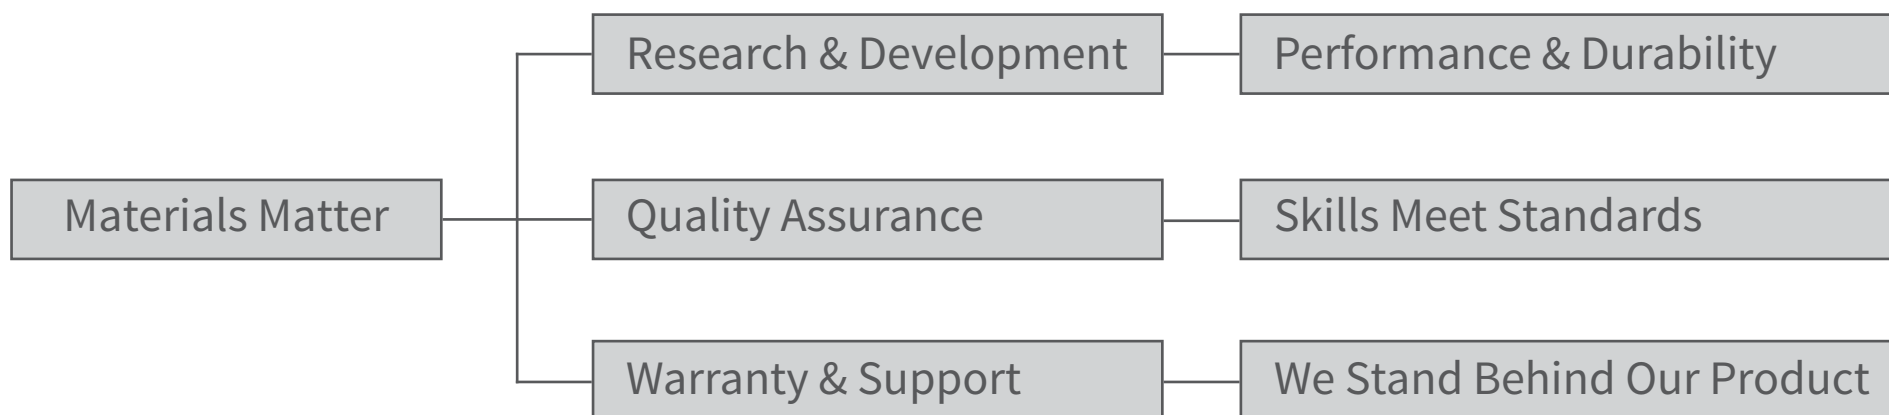

## Committed to Values

We understand that expertise, in-time management and premium quality, outweigh the perceived benefit of low cost. Employees are valued as team members, growing together with the company and continuously improving the performance of the brand.

# Materials Matter

## Recycled Teak

MAMAGREEN masters the art of sourcing, repurposing and upcycling teak wood.

## Teak

MAMAGREEN manufactures furniture pieces using teak from sustainable plantations.

## HPL

Italian manufactured High Pressure Laminate (HPL) is used for table tops in selected lines.

## Metal

Most MAMAGREEN furniture pieces are built around a sturdy metal frame. All metal processing happens entirely in-house.

- Stainless steel 304
- Stainless steel 316 (marine grade)
- Aluminum Powder Coated

## Textile | Webbing | Wicker

MAMAGREEN works together with the leaders in the performance textile and fibers industry.

- Sunbrella
- Ferrari
- Rehau / Viro
- Agora

# MAMAGREEN Design Lab

“Just living is not enough” said the butterfly, “one must have  
sunshine, freedom, and a little flower”

– Hans Christian Andersen

Staying true to our A-Z organizational model, our design team is an integral part of our product development and manufacturing facilities.

Headed by Belgian founder Vincent Cantaert, the Mamagreen Design Lab consists further of young Indonesian designers Barbara Widiningtias and Zaenal Abidin, supported by a team of sample makers, engineers and marketers.

## Custom made easy

Working daily with the design industry, we understand the uniqueness of each project. Mamagreen offers furniture for outdoor spaces and functions in a variety of styles, materials and colors. Supported by several easy to use tools such as photography, 2D / 3D drawings, tear sheets, and material samples, our well-trained technical department can create renderings, provide yardage and other material information. With access to a back catalog of more than 10 years, our customer service team can support balancing budget, install date, function and style.

The following are some specific requests for projects we have worked on during the years:

- Furniture developed for customers with special needs / ADA compliant
- Sectionals shaped to fit the form of a boat-deck
- Tailor-fit protective covers
- COM fabrics for specific design requirements
- Floor bolting for public/very high wind areas
- Furniture with increased weight for roof top use or cliff resorts
- Specific material requirements for extreme environments such as cruise ships / yachts
