

CURTIS INSTITUTE OF MUSIC
APPLICATION FOR SUPPLEMENTAL FINANCIAL
ASSISTANCE 2026-27 INSTRUCTION SHEET

Curtis no longer participates in the U.S. Department of Education's Title IV Programs. U.S. Citizens and U.S. Permanent Residents no longer need to complete the FASFA administered by the U.S. Department of Education. Curtis will not certify student loans, Parent Plus loans, or private student loans. Please read the instructions below carefully when applying for Curtis Supplemental Financial Assistance.

In addition, while in the past, Curtis participated in programs with the U.S. Department of Veterans Affairs, we no longer process enrollment verifications for GI benefits.

Supplemental Financial Assistance for living expenses is awarded at Curtis based on financial need. Before turning to Curtis for supplemental aid, students are expected to seek assistance from non-Curtis sources including grants and scholarships available through private, public, and other sources.

Curtis Institute of Music utilizes the College Board's Institutional Documentation Service (IDOC) to receive and process financial aid application materials. IDOC allows for secure electronic upload, transmission, and submission of supporting financial aid documents and materials (federal income tax returns and schedules, W-2, 1099 forms, etc.). **Students must first complete and submit the College Scholarship Service (CSS) Profile to upload documentation to the IDOC system.**

Filing fee: CSS charges a fee for processing the PROFILE. The registration fee is \$25 plus an application fee of \$16 per college. U.S. households whose adjusted gross income (AGI) is less than \$100,000 are eligible for an automatic fee waiver.
