

Registered Waste Paint & Used Tin Removal Service

Certified Waste Transfer Station

A fully certified Waste Transfer Station, licensed to handle, treat, and manage the disposal of diverse waste streams.

Nationwide Collection

We hold a Waste Carriers licence and run our own fleet, collecting hazardous and non-hazardous waste UK-wide.

Technical Expertise

WAMITAB-certified and highly trained; our team expertly manages waste in line with the latest regulations, with on-site lab staff ready to analyse your waste streams.

Quotation

Once the waste type and quantity are confirmed, we'll send a tailored quote.

2. Documentation

We'll prepare the required paperwork. Ensuring full compliance — for either hazardous or non-hazardous waste.

3. Collection

We'll collect and inspect your waste on the agreed date, notifying you of any issues.

4. Professional Service

With Intercoat, your waste is handled safely and responsibly. Contact us to book your collection..
