*Sports has the awesome power to better the world because it speaks a universal language understood by all, it inspires, creates hope and unite foes. Sports breaks down racial and diplomatic barriers like nothing else, as is a time-proven galvanizing force that unites from all around the globe; fans of unalloyed loyalty, players with notable dexterity, consumers constantly committing resources, brands securing deals and endorsements, advertisers spinning the millions and operators directing the cash flow. The multilinked and multipronged sports industry exchanges Billions of Dollars annually with an expected 8% yearly increase BUT little or nothing from the billions of dollars circulating within the industry, comes back to the pockets of loyal fans and committed consumers who sweat them out, neither is there a system in existence that reroutes part of this revenue to them.*

*BitleagueCoin comes in with a TRUSTLESS ecosystem designed in its core to disrupt the sports industry and reroute value back to the fans, supporters and consumers by revolutionizing how they participate in the sports industry thereby giving them higher bargaining powers. Bitleaguecoin smart contract sports betting protocol eliminates cheating, manipulations and operator fraud, and offers as much as 20% refund on losses, e-gaming experience rewards players with actual spendable BLG tokens, BLG e-shop for sports merchandise designed to benefit community members and facilitate export trades for small scale sport apparel and equipment manufacturers and local trades for sports merchandise vendors and merchants within the BLG ecosystem. The BLG Social Hub, a (Goal.com-Facebook-Steemit all summed in one) system to galvanize all sports fans and supporters worldwide and reward all levels of participation from curation, to wielding social influence, technical/fundamental analysis and even to correct predictions and aggregation. BLG Pay Fiat liquidity pool backed Wallet and Debit Card that makes BLG spendable at POS locations with our KYC/AML certified vendors and merchant all over the world.*
