| Morphology                                            | <u>Normal</u> | Reserved       | Abnormal |
| Symmetries                                            | <u>Normal</u> | Reserved       | Abnormal |
| Balances                                              | <u>Normal</u> | Reserved       | Abnormal |
| Imperfections and defects                             | <u>Normal</u> | Reserved       | Abnormal |
| Tendons and ligaments aspects                         | <u>Normal</u> | Reserved       | Abnormal |
| Track of tendinitis or former desmitis?               | <u>No</u>     | Yes            |          |

|                                               |                                         |                                |                                |
|-----------------------------------------------|-----------------------------------------|--------------------------------|--------------------------------|
| Feet and horseshoes                           | <input checked="" type="radio"/> Normal | <input type="radio"/> Reserved | <input type="radio"/> Abnormal |
| Vertebral axis: conformation and manipulation | <input checked="" type="radio"/> Normal | <input type="radio"/> Reserved | <input type="radio"/> Abnormal |
| Presence or suspicion of dorsalgia?           | <input checked="" type="radio"/> No     | <input type="radio"/> Yes      |                                |

**General examination conclusion:**

*good condition of the surrogate mare*

**In a case of a mare in foal:**

|                                   |                                         |                                                               |
|-----------------------------------|-----------------------------------------|---------------------------------------------------------------|
| Is the mare pregnant?             | <input checked="" type="radio"/> Yes    | <input type="radio"/> No                                      |
| Termin date:                      | <i>16/04/2022</i>                       |                                                               |
| In foal to (name of the Sire):    | <i>Funky Music x Dominator 2</i>        |                                                               |
| Udder examination                 | <input checked="" type="radio"/> Normal | <input type="radio"/> Reserved <input type="radio"/> Abnormal |
| Movement of the foal by palpation | <input checked="" type="radio"/> Normal | <input type="radio"/> Reserved <input type="radio"/> Abnormal |
| Absence of twin gestation         | <input checked="" type="radio"/> Yes    | <input type="radio"/> No                                      |

**Surgical history on the reproductive system:**

|                                       |                           |                                     |
|---------------------------------------|---------------------------|-------------------------------------|
| Vulvoplastie                          | <input type="radio"/> Yes | <input checked="" type="radio"/> No |
| <b>Conclusion: Gestation at risk:</b> | <input type="radio"/> Yes | <input checked="" type="radio"/> No |

I undersigned Dr. *Seynhaeve Ies*, have realised an echography of the mare (name of the mare) *Flanella Bond* and confirm her good pregnancy of at least 45 days.

**In the case of an empty mare or maiden:**

|                                           |                              |                                |
|-------------------------------------------|------------------------------|--------------------------------|
| Vulva examination                         | <input type="radio"/> Normal | <input type="radio"/> Abnormal |
| Vulvoplastie                              | <input type="radio"/> Yes    | <input type="radio"/> No       |
| Ovaries examination                       | <input type="radio"/> Normal | <input type="radio"/> Abnormal |
| Womb examination                          | <input type="radio"/> Normal | <input type="radio"/> Abnormal |
| <b>Conclusion: Reproductive capacity:</b> | <input type="radio"/> Yes    | <input type="radio"/> No       |
