

**RUBINETTERIE
BRESCIANE**

Rubinetterie Bresciane Bonomi S.p.A.
Stabilimento produttivo
Via Circonvallazione 7, 26020 Bordolano (CR) Italia

DECLARATION OF COMFORMITY

The Company: **Rubinetterie Bresciane Bonomi S.p.A.**
Manufacturing site: **Via Circonvallazione 7, 26020 Bordolano (CR) Italia**

declares under its own responsibility that the fittings

FRABO 5000 Copper capillary fittings

have been manufactured and inspected in accordance with the norms, product specifications and drawings indicated in our most updated official company literature.

In particular, fittings have been manufactured according to the parameters defined in the following standard:

EN 1254-1:2021
Copper and copper alloys - Plumbing fittings - Part 1: Capillary fittings for soldering or brazing to copper tubes

Test and/or inspection records, as required by the corresponding norms, are on file at our headquarters and are available on request.

Additional specifications or approvals are also available on request.

The product is branded under the trademark FRABO by Rubinetterie Bresciane Bonomi S.p.A., Bordolano (CR) manufacturing facility.

The company works according to a Quality system which complies with the standard ISO_9001, recognised by SQS.
