

Features & Benefits

- Complete range of grilles
- Several different materials
- Several different models
- Large selection of colours

Fresh external grilles

We have a wide range of external grilles. Plastic grilles, square and round, in several colours, and metal grilles in different models and material.

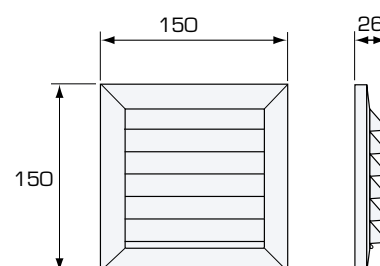

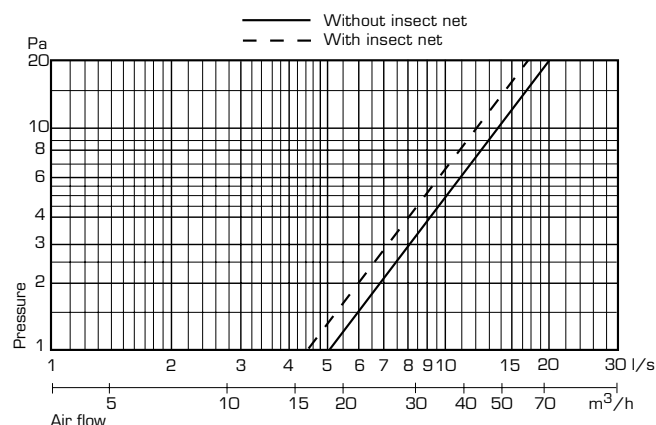

We also have the possibility to complement the standard range with special colours for a specific project. For further details please contact Fresh AB.

External grille #150 mm

Grille for outdoor mounting, with countersunk holes for screw mounting. The screwholes are adjusted to fit cover plate 18 and 20. The grille is supplied with snap-in closure suited for Fresh's adapters (delivered separately). The grille is made of UV-constant ABS plastic and is available in several different colours (see below). Insect net #150 is available as accessory (art no 664003).

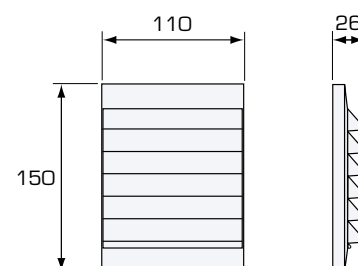

Standard colour: White NCS S0502-Y
Free area: 64 cm²

External grille 110 x 150 mm

A slimmer model of grille #150, with countersunk holes for screw mounting. The screwholes are adjusted to fit cover plate 18 and 20. The grille is supplied with snap-in closure suited for Fresh's adapters (delivered separately). The grille is made of UV-constant ABS plastic. Insect net #150 is available as accessory (art no 664003).

Standard colour: White NCS S0502-Y
Free area: 64 cm²
