

Air duct bracket HDG

DESCRIPTION

Air duct bracket HDG without sound insulation.

Technical data:

Material classification	EN 10111, material thickness 1,5mm/2,0mm/2,5mm
Material composition	Hot-dip galvanized steel, zinc coating >45µm

CORROSION PROTECTION

DESCRIPTION

- One-piece air duct bracket without insulation.

Benefits

- Quick installation
- Mounting using threaded rods or support bolts.

		Environmental class			
		C3	C4	C5	CX
	Coating thickness µm	Minimum/maximum protection duration (years)			
	Hot-dip galvanizing	45	25/50	10/20	5/10
