

Category:

Ventilation system

Product:

FVC A4

Art. No.:

see table below

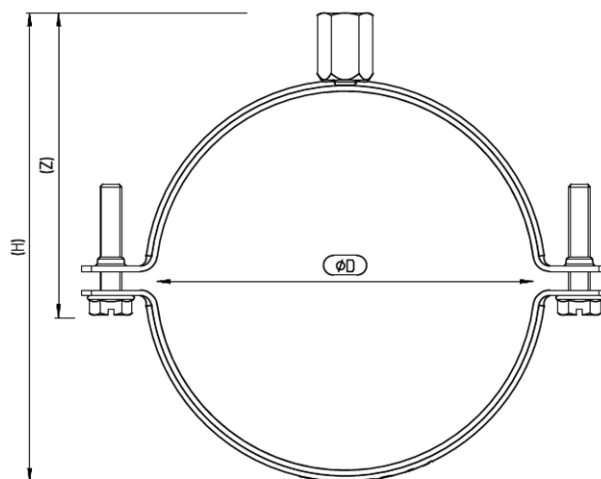

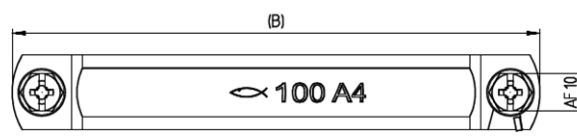

Description:

Two-screw ventilation pipe clamp with rapid side lock

Connecting nut with connection thread M8 or M10

For simple and easy fixing for spiral airducts using threaded rods or stud screws.

Dimensions: [mm]

Properties:

Material:

Stainless steel grade 1.4401 acc. EN 10088-1 (SS316)

Connecting nut:

Resistance welded, M8 or M10, SW 13

Locking screw:

Hexagon head screw with combination recessed head
