VÆRKSTED/ATELIER UB10

Underbroen10 er et værkstedsfællesskab, som holder til på Bregnerødgade fem minutter fra Nørrebro Station. Lokalerne ligger på gadeplan.

Vores lokaler ligger bogstaveligt talt under broen, hvor S-toget kører.

Det største lokale på 60m2 med store vinduespartier ligger ud til Bregnerødgade. Hvis man ikke er så glad for at sidde ud til vejen, er der et mindre lokale inde bagved, som vender ud mod vores hyggelige gård.

Der er et større køkken med køleskab, mikroovn, elkedel og div. køkkenredskaber.

I køkkenet er der lavet et hyggeareal med sofa, stole og bord. Div. kunstbøger kan man låne til at fordrive tiden med, hvis man trænger til et break eller mødes til kaffe og øl.

I alt råder vi over 110 m2.

Det store rum bliver i hverdagen brugt til atelier/arbejdsrum. Der er mulighed for at lave udstilling, hvilket rummet egner sig perfekt til - individuelt eller fælles.

Der kan afholdes videoscreenings, workshops og udstillinger m.m. efter aftale.

Primært er Underbroen10 et værksted, hvor man sidder og arbejder intenst enten professionelt eller på fritidsplan.

Vi arbejder alle kreativt med forskellige medier foto, videokunst, maleri, illustration, skulptur m.m.

Vi har en fælles interesse for stedet og fællesskabet.

I værkstedet er der mulighed for at hente sparring og inspiration hos hinanden.

Det er ikke et krav at deltage i alle de fælles ting, dog er det en fordel, hvis man har lyst til at deltage i fællesmøderne, som tit slutter af med mad og rødvinshygge.

Underbroen10 er et fleksibelt arbejdsrum, som prøver at imødekomme alles behov. Det er vigtigt, at der er plads til travle perioder, hvor man ikke kan være en aktiv del af fællesskabet.

Det er muligt at ønske en permanent plads eller en mere fleksibel alt afhængigt af, hvad man laver i sin praksis.
Det er op til den enkelte at give udtryk for, hvad man har brug for som medlem, når man indtræder i fællesskabet.

WORKSPACE/ATELIER UB10

It ís located 5 minutes from Nørrebro station, at " 8-10 Bregnerødgade"

The workspace is on the ground floor. The main entrance from Bregnerødgade leads directly to our big room.

This room gets a lot of light from the windows facing the street. It is ideal for exhibitions and if you need good natural light to do your work.

If you get distracted from the big windows, there is also a smaller and more quiet room, where the window faces our cosy backyard.

The space is literary "under the bridge" where the S - train is running.

There is a kitchen with a fridge, microwave, coffee machine and other shared kitchen stuff.

The kitchen also has a cosy sitting area, where we can eat, meet for coffee, and just relax when working in Underbroen10.

Underbroen10 is a place where you can sit and work intensely as a professional or on a spare time basis.

We are a mixed group of creatives working with all sort of media: photo, videoart, painting, illustration, sculptures.

We all share a common interest for the place and the community.

Underbroen10 is a place where we all can share experiences, inspire each other, and be in a creative environment on daily basis.

It is not a demand to participate in all the common activities, like dinners and beers, exhibitions and other events, but we strongly encourage to attend the practical meetings.

Underbroen10 is a flexible workspace, that tries to meet everyones needs as much as possible.

It ís important that there is space and understanding, when one can not be a part of the community during busy periods.

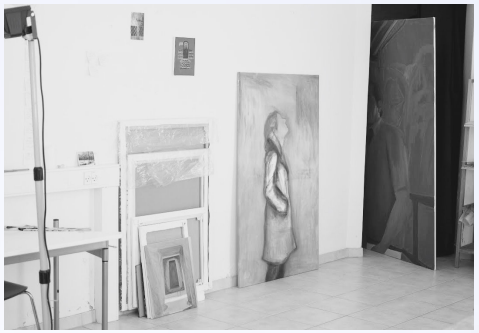

It ís possible to ask for a permanent workspace or a flexible one.

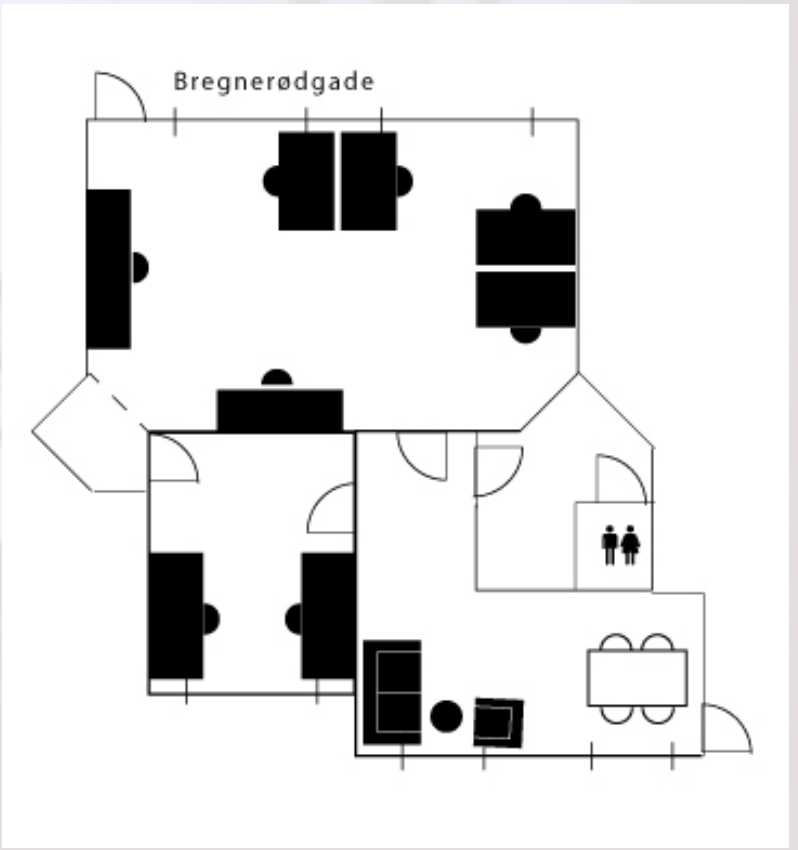

It is up to yourself to communicate to us what you expect and wish from the place when entering the community.

I'm making posters in my sparetime - for fun - through drawing and graphics. I am inspired by street art and my motives always include animals, just in different styles.

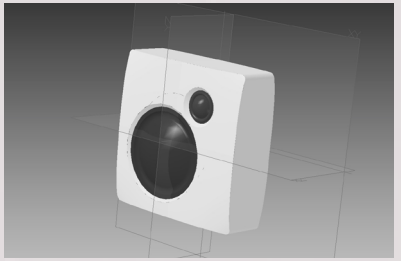

My universe is quite child-ish. Don't ask my why - but that is how I like it. 0bviously.

I am using UB10 as a community, where I can talk with creative people and do my work.
