

# Insurtech startup: internship operations and claims 80%-100%

Work start: as soon as possible

## About the company

TONI is an insurtech startup, that offers a fully digital insurance offering as a white-label solution. Our slogan “Make insurance simple” underlines our approach to focus on today’s customer requirements by offering a fully digitized and automated insurance solution. Our white-label approach allows us to leverage the brand of large established institutions and to quickly gain access to a large amount of private clients as well as to be able to offer insurance solutions inside unique eco-systems. TONI is based at Bellevue in Zurich.

## About the role

We are looking for a intern that can help us out with certain tasks related to operations and claims topics. Your tasks involves supporting our operations and claims departements in the daily business. Firtst level

You will be working directly in our operations and claims department and you will gain valuable understanding of how underwriting/claims processes work in an innovative insurance start-up.

Your work is essential for the success of our company and you hence have a direct impact on helping TONI on our mission to redefine the Swiss insurance market.

## The following experience is valued:

- Are excited to work in a leading Swiss insurtech and want to have a real impact in changing the way the insurance market works
- Feel comfortable working with the MS-Office software
- You have high attention to detail and won’t compromise on precision
- Comfortable in a fast moving, fluid environment
- Ability to work within tight deadlines, adjust to changes in priorities
- Lanugage: German / English – Italian or French is a plus
