Insurtech startup: well-paid student job – legal & compliance (40%-60%)

Work start: as soon as possible

About the company

TONI is an insurtech startup, that offers a fully digital insurance offering as a white-label solution. Our slogan "Make insurance simple" underlines our approach to focus on today's customer requirements by offering a fully digitized and automated insurance solution. Our white-label approach allows us to leverage the brand of large established institutions and to quickly gain access to a large amount of private clients as well as to be able to offer insurance solutions inside unique eco-systems. TONI is based at Bellevue in Zurich.

About the role

We are looking for a student that can help us out with certain legal and compliance tasks such as the setting up a compliance monitoring process, drafting of internal policies and supporting the preparation of Shareholders General Meetings. Your tasks involves a lot of self-initiative and willingness to learn on the job.

You will be working directly with the Head Legal & Compliance and TONI's management team where you will gain valuable understanding of how legal and compliance processes work in an innovative insurance start-up.

The role will allow you to make active suggestions to how we can optimise certain processes. Your work is essential for the success of our company and you hence have a direct impact on helping TONI on our mission to redefine the Swiss insurance market.

The following experience is valued:

- Are excited to work in a leading Swiss insurtech and want to have a real impact in changing the way the insurance market works
- Have an analytic mindset
- Feel comfortable indendently finding solutions/researching new topics
- You have high attention to detail and won't compromise on precision
- Comfortable in a fast moving, fluid environment
- Ability to work within tight deadlines, adjust to changes in priorities
- Feel comfortable expressing yourself orally and in writing especially in English
- Language: German / English
