

Mohamed Ashraf

Frontend Developer

📍 Dubai, UAE 📞 +971562019478 ✉️ moashraf86.dev@gmail.com [🌐 LinkedIn](#) [🌐 Portfolio](#)

Summary

Frontend Developer with 5+ years of experience across full-time and freelance engagements, including **Absher** — one of Saudi Arabia's leading government digital platforms. Proficient in React, Next.js, TypeScript, and TailwindCSS, with a track record of delivering pixel-perfect, responsive interfaces and reusable component systems. Experienced in integrating AI APIs and building production SaaS products.

Experience

kodu.cloud

Mar 2025 - Jun 2025

Frontend Developer - Freelance

Estonia

- Built **kodu.cloud**'s marketing site and the full **FASTPANEL** product website from design to deployment, achieving pixel-perfect fidelity and fast load performance across all devices.
- Implemented interactive UI components and scroll-based animations using Alpine.js and TailwindCSS, meeting client delivery standards on schedule.

Aqwas

Jul 2023 - Jun 2025

Frontend Developer - Full-time

Riyadh, KSA

- Developed and maintained feature modules for **Absher**, a government platform serving millions of users across Saudi Arabia, translating complex design specs into responsive, accessible web pages.
- Built and maintained a reusable component library in **Storybook**, reducing UI inconsistencies across the platform and improving team-wide development speed.
- Ensured cross-browser compatibility and responsive behavior across all supported devices, contributing to a consistent experience for a high-traffic, high-stakes government product.

YourMedia Inc.

Mar 2020 - Jul 2023

Frontend Developer - Freelance

Toronto, Canada

- Built and maintained responsive web pages for **StickerYou**, a high-traffic eCommerce platform, ensuring consistent cross-device experience across multiple page types.
- Refactored legacy frontend code, improving maintainability and reducing technical debt across the codebase.

Projects

CV Master | *React, TypeScript, Zustand, Shadcn UI, Groq AI*

- Live SaaS product with AI-powered CV analysis, job match scoring, and content suggestions.
- Fully customizable ATS-friendly template engine with complete Google Fonts support and real-time preview.

Focal | *Next.js, Strapi, Stripe, Tailwind CSS, Shadcn UI, TypeScript, Zustand, SWR, Clerk*

- Full-featured eCommerce platform with SSR, secure Stripe payments, user authentication via Clerk.

GroqBot | *React, Shadcn UI, Tailwind CSS, Groq AI*

- AI chat assistant with multi-model selection, tone customization, streaming responses, and persistent conversation memory.
