Navigator 6.0 Data Sheet 2025

## Product Specification—The Navigator 6.0

The Navigator 6.0 is the first self-powered, push-around scissor lift capable of reaching a working height of 6.0 metres.

Designed for maximum efficiency, it allows operators to step in, turn the handle, and elevate effortlessly to the desired height while carrying materials and tools.

Indoors or outdoors, day or night, the Navigator 6.0 delivers instant access, maximum uptime, and total independence—so you can work smarter, safer, and faster.

Navigator 6.0. No power? No problem. Just elevate. Indoor & Outdoor Rated

Certified to BS EN 280-1

## Wind Rated as Standard—Built for Real-World Conditions

Unlike any similar machine on the market, the Navigator 6.0 comes wind-rated as standard, offering safe operation even in exposed indoor or semi-outdoor environments. This built-in wind rating means no added kits, no costly upgrades, and no second-guessing safety — just get to work, wherever the job takes you.

### Applications

- Warehouses
- Maintenance Facilities
- Construction Sites
- Factories
- Distribution Centres
- Workshops
- Manufacturing Plants
- Assembly Lines
- Retail Stockrooms
- Airports and Hangars
- Event Venues
- Stadiums and Arenas
- Transportation Hubs
- Utility and Service Areas
- Outdoor Maintenance Zones

### Key Features

- ◆ Lightweight
- ◆ Easy to manoeuvre
- ◆ Failsafe Systems
- ◆ Lifts both operative and tools to height
- ◆ Fits through a door frame
- ◆ Minimum repair cost
- ◆ Carbon Zero
- ◆ Patent Granted
- ◆ 97% Recyclable Product

Specifications, descriptions and illustrative material in this literature are as accurate as known at the time of publication, but are subject to change without notice. Illustrations may include optional equipment and accessories, which may not be include on standard equipment.

## Working Dimensions

- Working Height: 6.0m
- Working Platform: 4.0m
- Working Footprint: 1.1m (L) x 0.73m (W)
- Platform Dimensions: 0.90m (L) x 0.69m (W)
- Safe Working Load: 150kg
- Maximum Side Force: 200 N
- Maximum Windspeed (Outdoors): 12.5 m/s
- Maximum Gradient: 1 Degree
- Max Load Per Fixed Wheel: 880kg
- Max Load per Swivel Castor: 2000kg
- Machine Weight: 530kg

## Closed Dimensions

- Length: 1.60m
- Width: 0.73m
- Height: 1.98m

## Performance

- Ascent / Decent Rotations: 42

## Safety Features

- Anti-Climb Vertical Guardrail
- Tethering Accessories for Tools
- Anti-Surf Brakes
- Ratchet wind up handle for immediate stop
- Transport and Deck Lock
- Outriggers
- Winch Point
- Optional Catcher Accessory
