Who are we?

Youth for Equality is an organization, founded in Slovakia in 2016 as a local youth initiative with the aim to realise positive changes and develop activities on local and international level in the field of education, human rights and ecology for the current requirements of the Labour market

Since its establishment, the organization has become a pool of young professionals who provide guidance and organize teaching activities in order to provide youngsters with soft skills, knowledge about different educational and career opportunities at local, national and international level. Youth for Equality carries out a program to acquire soft skills through non-formal learning such as discussions, debates, group work, brainstorming. European Mobility Week 2026

EUROPEAN MOBILITY WEEK is the European Commission's flagship awareness-raising campaign on sustainable urban mobility. It promotes behavioural change in favour of active mobility, public transport, and other clean, intelligent transport solutions.

The main event takes place from 16-22 September each year, culminating in the popular Car-Free Day. Local authorities are encouraged to use the main week to try out innovative planning measures, promote new infrastructure and technologies, measure air quality, and get feedback from the public.

With more towns and cities joining every year, and with its huge media appeal, the campaign is widely recognised as a driving force towards sustainable urban mobility in Europe and beyond.

Volunteers will help with preparation for the annual event European Mobility Week in Trnava.

You will participate in coordination of the event and help to carry everything out.

After the event you will help with dissemination and creating a good impact.
