**GriefShare** is a friendly, caring group of people who will walk alongside you through one of life's most difficult experiences. Built around a 13-week video curriculum, GriefShare support groups meet weekly to help you face the challenges of grief and move from mourning to joy. Grief Share is a nondenominational program offered by local churches. People of all faiths (and those who do not practice a faith) are welcome. The program includes practical information from the Christian Bible. [www.griefshare.org](http://www.griefshare.org)

**ST. ELIZABETH'S HEALTH CENTER**  
**520-628-7871**  
**Call or visit website for more information: [sainte hc.org](http://sainte hc.org)**

St. Elizabeth's Health Center is a faith-based community health center that supports the healthcare needs of the uninsured and underserved in Southern Arizona. We commit to provide high quality healthcare with respect and dignity by responding to individual needs and encouraging health and well-being.

Behavioral health services are available to registered patients of St. Elizabeth's. A patient must have had an initial appointment with one of our primary care providers, and during that appointment or subsequent appointments a medical provider can make a referral for the behavioral health services. Since the behavioral health services are integrated into the medical care provided to our patients, the medical and behavioral health providers often consult so that the patient is provided the best care possible by all of the providers. Depending on the needs of the patient, the services provided include: Individual counseling; Couples counseling; Family counseling; Group counseling. These services are available to patients of all ages and are offered in English and Spanish.

Most of our services are provided by volunteers and clinically supervised interns. As a result, the availability of our services varies, so that at times there may be appointments immediately available, and at other times there may be a waiting list. Also, we are sometimes able to offer additional services, depending on the expertise of our volunteers and interns.

**THE ALEPH CENTER, PLLC**  
**6408 E. Tanque Verde Road, Tucson, AZ 85718**  
**520-885-5558**  
**[www.alephcenter.com](http://www.alephcenter.com)**

The Aleph Center is a Wholistic Mental Health Practice, providing care and attention to the whole patient - mind, brain, and body - in the context of their family, social, and societal environment.
