

Gina
Hawkshaw

**GINA'S CELEBRATED WILDLIFE PORTRAITURE
OFFERS AN INTIMATE AND SOMETIMES
EMOTIONAL ENCOUNTER WITH AN ARRAY
OF BEAUTIFUL WILD ANIMALS.**

She works from carefully chosen photographs showing a close up of the subject in a strong light, enabling her to see and recreate it in an extraordinary amount of detail. She lifts each intricately patterned tiger, zebra or giraffe out of its setting and places it against a deliberately muted, neutral background in order to highlight the colours and textures. She draws particular attention to the eyes, as she believes that that is where the soul of the piece originates. The spectacular level of detail in each piece brings the animal to life and makes Gina's work recognisable, memorable, immediate and uniquely arresting.

WAITING IN THE SUNSET
